Commissioner

**LISA J. PINO, M.A., J.D.**  
Executive Deputy Commissioner

June 18, 2021

### **Coronavirus (COVID-19) Update**

Dear Resident / Representative:

This letter is to provide you with an update on the status of the Veterans Home's efforts to prevent the spread of the coronavirus. The safety and wellbeing of all residents is our top priority. The Infection Prevention and Control Committee continues to meet and review new federal and state guidance and work closely with the county, regional, and state health department contacts.

The Home received new guidance from New York State regarding testing. Staff testing will continue for all unvaccinated staff twice weekly. Screening of all staff and visitors will continue with rapid testing for any staff reporting symptoms prior to working. Resident testing will be targeted based on symptoms and if there is a positive case in the Home of a resident or a staff person.

There has been a significant drop in cases in the community and across the nation that is directly linked to the number of people who have been vaccinated. We are excited that 100% of our residents and 65% of staff have already been vaccinated, and we are still encouraging more to get the vaccine. Gift prize raffles will be held July 9<sup>th</sup> and all vaccinated staff and residents are eligible, so hopefully this will encourage more people to get vaccinated.

Please call 585-345-2043 and ask for Larisa anytime Monday through Friday from 8:30 am - 4:00pm to coordinate all in-person visits. Mask wearing, social distancing and hand hygiene must continue, as well as limited recreational programming and limited use of the communal dining space. Please let your Social Worker know if you have any questions or concerns.

Stay well,

*Nicole M. Gallagher*
