News for and about Residents, Staff, and Volunteers of the New York State Veterans Home @ Batavia

Emergency Preparedness

Did you know?????

The Veterans Home at Batavia is a participating member of the Western New York Mutual Aid Plan.

As community members, we collaborate with other agencies to ensure your loved one is well cared for during an emergency.

The Home has an Emergency Operation Plan **in the case of an emergency or crisis**. It allows government at various levels — such as federal, state, city, and local — to communicate effectively and coordinate efforts to respond to crises.

In the event of any emergency which requires the program to evacuate and relocate, each family will be notified as soon as possible via telephone.

Thank you,

Nicole Gallagher, Administrator

★ Handouts are available in the staff break room and in the Administration Office.

Emergencies can create a variety of hazards for workers in the impacted area. Preparing before an emergency incident plays a vital role in ensuring that employers and workers have the necessary equipment, know where to go, and know how to keep themselves safe when an emergency occurs. The Veterans Home at Batavia provides information and training on how to prepare for emergencies and the hazards to be aware of when an emergency occurs. The Home's Emergency Preparedness Plan is located on each staff member's computer desktop, and hard copies are located in Administration, Environmental Services, and at the Security desk.
