DETERMINATION

AND

ORDER

BPMC #01-239

COPY

A hearing was held on September 20, 2001, at the offices of the New York State Department of Health ("the Petitioner"). A Notice of Hearing and a Statement of Charges, both dated July 20, 2001, were served upon the Respondent, **Bruce Rind, M.D.** (A copy of the Notice of Hearing and the Statement of Charges is attached to this Determination and Order as Appendix 1). **Ernst A. Kopp, M.D.**, Chairperson, **Jagdish M. Trivedi, M.D.**, and **Ms. Nancy Morrison**, duly designated members of the State Board for Professional Medical Conduct ("the Board"), served as the Hearing Committee in this matter pursuant to Section 230(10)(e) of the Public Health Law. **John Wiley, Esq.**, Administrative Law Judge, served as the Administrative Officer.

The Petitioner appeared by **Donald P. Berens, Jr., Esq.**, General Counsel, by **Paul Robert Maher, Esq.**, and **Robert Bogan, Esq.**, of Counsel. The Respondent appeared in person and was represented by **Alan Dumoff, Esq.**, 11140 Rockville Pike, Suite 530, Rockville, Maryland 20852.

Evidence was received and transcripts of these proceedings were made.

After consideration of the entire record, the Hearing Committee issues this Determination and Order.

STATEMENT OF CASE

The Third and the Fourth Specifications of the Statement of Charges were brought pursuant to Public Health Law Section 230(10). This section authorizes the Board to appoint a hearing committee of three of its members to hold an administrative hearing to determine whether a physician has committed professional misconduct, and, if so, to determine the penalty to be imposed.

The First and the Second Specifications of the Statement of Charges were brought pursuant to Public Health Law Section 230(10)(p). This statute provides for an expedited hearing when a licensee is charged solely with a violation of Education Law Section 6530(9). In such cases, a licensee is charged with misconduct based upon a prior criminal conviction in New York State or another jurisdiction, or upon a prior administrative adjudication regarding conduct that would amount to professional misconduct, if committed in New York. The scope of an expedited hearing is limited to a determination of the nature and severity of the penalty to be imposed upon the licensee. In the instant case, the Respondent is charged with professional misconduct pursuant to Education Law Section 6530(9)(b) and (d).

FINDINGS OF FACT

The following Findings of Fact were made after a review of the entire record in this matter. Numbers below in parentheses refer to exhibits, denoted by the prefix "Ex." These citations refer to evidence found persuasive by the Hearing Committee in arriving at a particular finding. Conflicting evidence, if any, was considered and rejected in favor of the cited evidence. All Hearing Committee findings were unanimous.

1. Bruce Rind, M.D., the Respondent, was authorized to practice medicine in New York State on February 23, 1979, by the issuance of license number 137365 by the New York State Education Department (Petitioner's Ex. 4).

2. On December 20, 2000, the Maryland State Board of Physician Quality Assurance ("Maryland Board"), by a Consent Order ("Consent Order"), reprimanded the Respondent, placed him on eighteen months probation, imposed an \$8,000.00 monetary penalty and required him to enroll in and successfully complete several courses, based on a failure to document patient records adequately, failure to medically manage patient's conditions adequately, willful submission of false statements to collect fees, and practicing fraudulently (Petitioner's Ex. 6).

3. On January 3, 2001, the Respondent signed and submitted a registration document to the New York State Education Department, wherein he checked the "NO" box to the question, "Since you last registered, has any state other than New York instituted charges against you for professional misconduct, unprofessional conduct, incompetence or negligence or revoked, suspended, or accepted surrender of a professional license held by you?" (Petitioner's Ex. 5)

HEARING COMMITTEE CONCLUSIONS

The Hearing Committee concludes that the conduct of the Respondent in Maryland would constitute professional misconduct under the laws of New York State pursuant to:

1. New York Education Law Section 6530(2) (practicing the profession fraudulently or beyond its authorized scope);
2. New York Education Law Section 6530(20) (moral unfitness);
3. New York Education Law Section 6530(21) (willfully making or filing a false report);

4. New York Education Law Section 6530(24) (practicing the profession beyond the scope permitted by law); and

5. New York Education Law Section 6530(32) (failing to maintain a record for each patient which accurately reflects the evaluation and treatment of the patient).

Contrary to the Statement of Charges, the Hearing Committee did not find sufficient evidence in the hearing record of conduct that, if committed in New York State, would constitute violations of New York Education Law Section 6530(3) (negligence on more than one occasion) or New York Education Law Section 6530(16) (willful or grossly negligent failure to comply with substantial provisions of federal, state, or local laws, rules, or regulations governing the practice of medicine).

VOTE OF THE HEARING COMMITTEE

FIRST SPECIFICATION

"Respondent violated New York Education Law Section 6530(9)(b) by having been found guilty of improper professional practice or professional misconduct by a duly authorized professional disciplinary agency of another state where the conduct upon which the finding was based would, if committed in New York state, constitute professional misconduct under the laws of New York state..."

VOTE: Sustained (3-0)

SECOND SPECIFICATION

"Respondent violated New York Education Law Section 6530(9)(d) by having had disciplinary action taken after a disciplinary action was instituted by a duly authorized professional disciplinary agency of another state, where the conduct resulting in the disciplinary action would, if committed in New York State, constitute professional misconduct under the laws of New York state..."

VOTE: Sustained (3-0)

THIRD SPECIFICATION

"Respondent violated New York Education Law Section 6530(2) by practicing the profession fraudulently in that Petitioner charges...On or about January 3, 2001, Respondent prepared and submitted a registration document to the New York State Education Department, wherein he checked the "No" box to the question 'Since you last registered, has any state other than New York instituted charges against you for professional misconduct, unprofessional conduct, incompetence or negligence or revoked, suspended, or accepted surrender of a professional license held by you?'"

VOTE: Not sustained (3-0)

FOURTH SPECIFICATION

"Respondent violated New York Education Law Section 6530(21) by willfully making or filing a false report, or failing to file a report required by law or by the department of health or the education department, in that Petitioner charges... On or about January 3, 2001, Respondent prepared and submitted a registration document to the New York State Education Department, wherein he checked the "No" box to the question 'Since you last registered, has any state other than New York instituted charges against you for professional misconduct, unprofessional conduct, incompetence or negligence or revoked, suspended, or accepted surrender of a professional license held by you?'"

VOTE: Not sustained (3-0)

HEARING COMMITTEE DETERMINATION

The Maryland Order documents numerous acts that would constitute professional misconduct under the laws of New York State had they been committed in New York. The Maryland Order held that the Respondent "willfully submitted false statements to collect fees for services which were not provided in regard to [nine patients]..." (Petitioner's Ex. 6, p. 18). The Maryland Order also contains many examples of medical

record keeping that fall far short of minimum requirements. These record keeping deficiencies include failing to document patient symptoms, physical findings, diagnoses and treatment plans; failing to document patient progress; and failing to document the substances and amounts used in intravenous therapy (Petitioner's Ex. 6, pp. 17-18).

On January 3, 2001, the Respondent submitted a registration form to the New York State Education Department. On this form, the "No" box was checked for the question, "Since you last registered, has any state other than New York instituted charges against you for professional misconduct, unprofessional conduct, incompetence or negligence or revoked, suspended, or accepted surrender of a professional license held by you?" Because of the prior year's disciplinary proceedings in Maryland, the Respondent's answer was not accurate.

The Respondent testified that the form was prepared by his office manager, Donna Brothers, who misunderstood the question. This testimony is corroborated by the September 18, 2001, affidavit of Ms. Brothers (Respondent's Ex. A, pp. 16-18). He testified that he glanced over the form before he signed it, rather than reading it thoroughly. He testified that he did not know at that time that he was submitting to the New York State Department of Education a form with a false answer. The Hearing Committee, which observed the Respondent's demeanor throughout his testimony, concludes that the Respondent's testimony on this issue was credible. The false answer was the result of carelessness, not of an intent to deceive. Contrary to the Third and the Fourth Specifications of the Statement of Charges, there was no willful filing of false information and no intent to defraud. The Third and the Fourth Specifications are not supported by the hearing record.

The Respondent recommended to the Hearing Committee that a small fine be assessed and that the Committee accept his assurance that he will not practice medicine

in New York State until he has successfully completed his probation in Maryland. In support of this position, the Respondent noted that there were no patient complaints and no allegations of harm to patients in the Maryland disciplinary proceedings.

The Respondent's recommendation is inadequate, given the large number of infractions disclosed in the Maryland Order, some of which were willful violations of the Respondent's responsibilities. A penalty more likely to provide necessary protection to the patients of New York State and those who pay for their medical care is found in the Order, below.

ORDER

IT IS HEREBY ORDERED THAT:

1. The Respondent's license to practice medicine is suspended. The suspension will be terminated upon documentation provided by the Respondent that he has successfully completed probation in Maryland. This documentation must be provided to the Petitioner's Office of Professional Medical Conduct (NYS Department of Health, Hedley Park Place, 433 River Street, Troy, New York 12180-2299).
2. A fine of \$1,000.00 is imposed. The fine is payable within 90 days of the effective date of this Order. Payment must be submitted to the Bureau of Accounts Management, NYS Department of Health, Empire State Plaza, Corning Tower, Room 1258, Albany, New York 12237.
3. If the Respondent returns to the practice of medicine in New York State, a three-year period of probation will be imposed. The Respondent must enter a probation agreement with the Office of Professional Medical Conduct prior to the resumption of the practice of medicine. The probation agreement will require the Respondent to have a practice monitor who will review the Respondent's medical practices, his medical record keeping and his billing practices.

4. This Order shall be effective upon service on the Respondent or the Respondent's attorney by personal service or by certified or registered mail.
