STATE OF NEW YORK: DEPARTMENT OF HEALTH  
STATE BOARD FOR PROFESSIONAL MEDICAL CONDUCT

IN THE MATTER  
OF  
JORDAN FLEISHHACKER, M.D.

CONSENT  
AGREEMENT

JORDAN FLEISHHACKER, M.D., (Respondent), representing that all of the following statements are true, deposes and says:

That on or about June 7, 1993, I was licensed to practice as a Physician in the State of New York and issued license number 192315 by the New York State Education Department.

My current address is { REDACTED } and I will advise the Director (Director) of the Office of Professional Medical Conduct (OPMC) of any change of my address within thirty (30) days, thereof.

I understand that the New York State Board for Professional Medical Conduct (Board) has charged me with two (2) Specifications of professional misconduct.

A copy of the Statement of Charges, marked as Exhibit A, is attached to and part of this Consent Agreement.

I do not contest the First Specification, and agree to the following sanction:

Three (3) year suspension of my New York State medical license, stayed.

Pursuant to N.Y. Public Health Law § 230-a (9), I shall be placed on probation for a period of three (3) years, subject to the terms set forth in attached Exhibit B, and any extensions or modifications thereto.

Respondent shall be permanently restricted from performing, or assisting in the performance of, surgical or invasive procedures, including but not limited to any procedures that involve a skin or mucous membrane incision, ablation or laser therapies, whether cosmetic or therapeutic, which reasonably could be constructed as surgery in any health care facility, inpatient or outpatient facility, office based setting surgi-center, medical spa, or any other similar entity or venue.

I agree, further, that the Consent Order shall impose the following conditions:

Respondent shall comply fully with the Massachusetts Order, and any extension or modification thereof.

Respondent shall provide a written authorization for the Massachusetts Board to provide the Director of OPMC with any/all information or documentation as requested by OPMC to enable OPMC to determine whether Respondent is in compliance with the Massachusetts Order.

Respondent shall submit semi-annually a signed Compliance Declaration to the Director of OPMC, which truthfully attests whether Respondent has been in compliance with the Massachusetts Order during the declaration period specified.

Respondent does not currently practice medicine in New York State. Should Respondent return to practice of medicine in the State of New York or any jurisdiction where that practice is predicated upon Respondent's New York State medical license, Respondent shall provide ninety (90) days notice in writing to the Director, OPMC. The Director in his sole discretion may impose whatever limitations, or further conditions, he deems appropriate.

That Respondent shall remain in continuous compliance with all requirements of N.Y. Pub. Health Law § 2995-a(4) and 10 NYCRR 1000.5, including but not limited to the requirements that a licensee shall : report to the department all information required by the Department to develop a public physician profile for the licensee, continue to notify the department of any change in profile information within 30 days of any change (or in the case of optional information, within 365 days of such change); and, in addition to such periodic reports and notification of any changes, update his or her profile information within six months prior to the expiration date of the licensee's registration period. Licensee shall submit changes to his or her physician profile information either electronically using the departments, secure website or on forms prescribed by the department, and licensee shall attest to the truthfulness, completeness and correctness of any changes licensee submits to the department. This condition shall take effect 30 days after the Order's effective date and shall continue so long as Respondent remains a licensee in New York State. Respondent failure to comply with this condition, if proven

and found at a hearing pursuant to N.Y. Pub. Health Law § 230, shall constitute professional misconduct as defined in N.Y. Pub. Health Law § 6530(21) and N.Y. Educ. Law § 6530(29). Potential penalties for failure to comply with this condition may include all penalties for professional misconduct set forth in N.Y. Pub. Health Law § 230-a, including but not limited to : revocation or suspension of license, Censure and Reprimand, probation, public service and/or fines of up to \$10,000 per specification of misconduct found, and

That Respondent shall cooperate fully with the OPMC in its administration and enforcement of the Consent Order and in its investigations of matters concerning Respondent. Respondent shall respond in a timely manner to all OPMC requests for written periodic verification of Respondent's compliance with this Consent Agreement. Respondent shall meet with a person designated by the Director, OPMC, as directed. Respondent shall respond promptly and provide all documents and information within Respondent's control, as directed. This condition shall take effect upon the Board's issuance of the Consent Order and will continue so long as Respondent remains licensed in New York State.

I stipulate that my failure to comply with any conditions of the Consent Order shall constitute misconduct as defined by New York Education Law § 6530(29).

I agree that, if I am charged with professional misconduct in future, this Consent Agreement and the Consent Order shall be admitted into evidence in that proceeding.

I ask the Board to adopt this Consent Agreement.

I understand that if the Board does not adopt this Consent Agreement, none of its terms shall bind me or constitute an admission of any of the acts of alleged misconduct; this Consent Agreement shall not be used against me in any way and shall be kept in strict confidence; and the Board's denial shall be without prejudice to the pending disciplinary proceeding and the Board's final determination pursuant to New York Public Health Law.

I agree that, if the Board adopts this Consent Agreement, the Chair of the Board shall issue a Consent Order in accordance with its terms. I agree that the Consent Order shall take effect upon its issuance by the Board, either by mailing of a copy of the Consent Order by first class mail to me at the address in this Consent Agreement, or to my attorney by certified mail, or upon facsimile or email transmission to me or my attorney, whichever is first. The Consent Order, this Consent Agreement, and all attached Exhibits shall be public documents, with only

patient identities, if any, redacted. As public documents, they may be posted on the Department of Health website.

I stipulate that the proposed sanction and Consent Order are authorized by New York Public Health Law §§ 230 and 230-a, and that the Board and OPMC have the requisite powers to carry out all included terms. I ask the Board to adopt this Consent Agreement of my own free will and not under duress, compulsion or restraint. In consideration of the value to me of the Board's adoption of this Consent Agreement, allowing me to resolve this matter without the various risks and burdens of a hearing on the merits, I knowingly waive my right to contest the Consent Order for which I apply, administratively and/or judicially, I agree to be bound by the Consent Order, and I ask that the Board adopt this Consent Agreement.

I understand and agree that the attorney for the Department, the Director, OPMC, and the Chair of the Board each retain complete discretion either to enter into the proposed Consent Agreement and Consent Order, based upon my application, or to decline to do so. I further understand and agree that no prior or separate written or oral communication can limit that discretion.

**JORDAN FLEISHHACKER, M.D.**, Respondent, was authorized to practice medicine in New York state on June 7, 1993, by the issuance of license number 192315 by the New York State Education Department.

**FACTUAL ALLEGATIONS**

A. On or about July 25, 2012, the Commonwealth of Massachusetts, Board of Registration in Medicine, (hereinafter "Massachusetts Board"), by Final Decision and Order which adopted a Recommended Decision and Recommended Sanction (hereinafter "Massachusetts Order"), issued a Reprimand to Respondent, permanently restricted Respondent from performing or assisting in the performance of surgical or invasive procedures, and imposed a \$5,000 fine. The discipline was based upon Respondent's care of five patients which demonstrated the pattern of practice which calls into question his competence to practice surgery or to perform invasive procedures, and upon Respondent's fraudulent written representation that he was in compliance with an educational plan required by the Center for Personalized Education for Physicians Program (CPEP).

B. The conduct resulting in the Massachusetts Board's disciplinary action against Respondent would constitute misconduct under the laws of New York State, pursuant to the following sections of New York State law:

1. New York Education Law §6530 (3) (negligence on more than one occasion).
2. New York Education Law §6530 (5) (incompetence on more than one occasion).
3. New York Education Law §6530 (2) (fraud).

**SPECIFICATIONS**  
**FIRST SPECIFICATION**

1. The facts in paragraphs A and/or B.

**SECOND SPECIFICATION**

Respondent violated New York State Education Law §6530(9)(d) by having disciplinary action taken by a duly authorized professional disciplinary agency of another state, after a disciplinary action was instituted, where the conduct resulting in the disciplinary action would, if committed in New York state, constitute professional misconduct under the laws of New York state, in that Petitioner charges:

**EXHIBIT B**  
**Terms of Probation**

1. Respondent's conduct shall conform to moral and professional standards of conduct and governing law. Any act of professional misconduct by Respondent as defined by N.Y. Educ. Law §§ 6530 or 6531 shall constitute a violation of probation and may subject Respondent to an action pursuant to N.Y. Pub. Health Law § 230(19).
2. Respondent shall maintain active registration of Respondent's license (except during periods of actual suspension) with the New York State Education Department Division of Professional Licensing Services, and shall pay all registration fees.
3. Respondent shall provide the Director, Office of Professional Medical Conduct (OPMC), Riverview Center, 150 Broadway, Suite 510, Albany, NY 12204 with the following information, in writing, and ensure that this information is kept current: a full description of Respondent's employment and practice; all professional and residential addresses and telephone numbers within and outside New York State; all current and past affiliations and/or privileges, with hospitals, institutions, facilities, medical practices, managed care organizations, and/or applications for such affiliations and/or privileges; and all investigations, arrests, charges, convictions or disciplinary actions by any local, state or federal agency, institution or facility. Respondent shall notify OPMC, in writing, within 30 days of any additions to or changes in the required information.
4. Respondent shall cooperate fully with, and respond in a timely manner to, OPMC requests to provide written periodic verification of Respondent's compliance with the terms of this Consent Order. Upon the Director of OPMC's request, Respondent shall meet in person with the Director's designee.
5. Respondent's failure to pay any monetary penalty by the prescribed date shall subject Respondent to all provisions of law relating to debt collection by New York State, including but not limited to: the imposition of interest, late payment charges and collection fees; referral to the New York State Department of Taxation and Finance for collection; and non-renewal of permits or licenses [Tax Law § 171(27); State Finance Law § 18; CPLR § 5001; Executive Law § 32].
6. The probation period shall toll when Respondent is not engaged in active medical practice in New York State for a period of 30 consecutive days or more. Respondent shall notify the Director of OPMC, in writing, if Respondent is not currently engaged in, or intends to leave, active medical practice in New York State for a consecutive 30 day period. Respondent shall then notify the Director again at least 14 days before returning to active practice. Upon Respondent's return to active practice in New York State, the probation period shall resume and Respondent shall fulfill any unfulfilled probation terms and such additional requirements as the Director may impose as reasonably relate to the matters set forth in Exhibit "A" or as are necessary to protect the public health.
7. The Director of OPMC may review Respondent's professional performance. This review may include but shall not be limited to: a review of office records, patient records, hospital charts, and/or electronic records; and interviews with or periodic visits with Respondent and staff at practice locations or OPMC offices.

8. Respondent shall adhere to federal and state guidelines and professional standards of care with respect to infection control practices. Respondent shall ensure education, training and oversight of all office personnel involved in medical care, with respect to these practices.
9. Respondent shall maintain complete and legible medical records that accurately reflect the evaluation and treatment of patients and contain all information required by State rules and regulations concerning controlled substances.
10. Respondent shall practice medicine only when monitored by a licensed physician, board certified in an appropriate specialty, ("practice monitor") proposed by Respondent and subject to the written approval of the Director of OPMC. Any medical practice in violation of this term shall constitute the unauthorized practice of medicine.
  - A. Respondent shall make available to the monitor any and all records or access to the practice requested by the monitor, including on-site observation. The practice monitor shall visit Respondent's medical practice at each and every location, on a random unannounced basis at least monthly and shall examine a selection (no fewer than 20) of records maintained by Respondent, including patient records, prescribing information and office records. The review will determine whether the Respondent's medical practice is conducted in accordance with the generally accepted standards of professional medical care. Any perceived deviation of accepted standards of medical care or refusal to cooperate with the monitor shall be reported within 24 hours to OPMC.
  - B. Respondent shall maintain a log of all controlled substance prescriptions written and/or directed by him. The log must include patient name, controlled substance prescribed and dosage, date, diagnosis and any refills. The Office of Professional Conduct has authority to require more specificity to the log as deemed necessary. Respondent shall make the log available to the practice monitor and OPMC upon request.
  - C. Respondent shall cause the practice monitor to report quarterly, in writing, to the Director of OPMC.
11. Respondent shall maintain medical malpractice insurance coverage with limits no less than \$2 million per occurrence and \$6 million per policy year, in accordance with Section 230(18)(b) of the Public Health Law. Proof of coverage shall be submitted to the Director of OPMC prior to Respondent's practice after the effective date of this Order.
13. Respondent shall comply with this Consent Order and all its terms, and shall bear all associated compliance costs. Upon receiving evidence of noncompliance with, or a violation of, these terms, the Director of OPMC and/or the Board may initiate a violation of probation proceeding, and/or any other such proceeding authorized by law, against Respondent.
