**IN THE MATTER
OF
LARISA LIKVER, M.D.**

**MODIFICATION
AGREEMENT
AND
ORDER**

LARISA LIKVER, M.D., represents that all of the following statements are true:

That on or about January 20, 2000, I was licensed to practice as a physician in the State of New York, and issued License No. 216637 by the New York State Education Department.

My current addresses are: 315 Madison Ave., Suite 806, New York, N.Y. 10017 and 8419 Bay Parkway, Brooklyn, N.Y. 11214. I will advise the Director of the Office of Professional Medical Conduct of any change of address.

I am currently subject to BPMC Order # BPMC 06-135 (Attachment I) (henceforth "Original Order"), which went into effect on June 29, 2006, and was issued upon an Application For Consent Order signed by me (henceforth "Original Application") and adopted by the Original Order. The sanction imposed in the Original Order included the following:

- Pursuant to N.Y. Pub. Health Law § 230-a(2), a 36 month suspension, of which six months were a period of actual suspension and the last 30 months were stayed.

(The period of actual and stayed suspension has been served.)

- Pursuant to N.Y. Pub. Health Law § 230-a(9), 36 months of probation, subject to the terms in Exhibit "B" of the Original Order. (The probation period has been successfully completed.)
- Pursuant to N.Y. Pub. Health Law § 230-a(7) and (9), a \$50,000 fine. (The fine has been paid.)
- Pursuant to N.Y. Pub. Health Law § 230-a(3), a license limitation precluding me from performing and/or interpreting electrodiagnostic nerve and muscle studies until I passed a course of retraining approved by the Director of OPMC. (This limitation is no longer in effect since I have passed the approved retraining course.)

The sanction imposed in the Original Order also included the following, which remains in effect, and which is the part of the sanction that I seek to modify:

- Pursuant to N.Y. Pub. Health Law § 230-a(3), my license to practice medicine in New York State shall be limited to preclude me, either individually or through a professional corporation, from evaluating, treating or billing patients whose medical services are reimbursed through either no-fault insurance or workers compensation.

I hereby apply to the State Board for Professional Medical Conduct for an Order (henceforth "Modification Order"), modifying the sanction imposed upon me in the Original Order, as follows:

- Effective upon the issuance of the Modification Order, the part of the sanction shall terminate that, pursuant to N.Y. Pub. Health Law § 230-a(3), limits my license to practice medicine to preclude me, either individually or through a professional corporation, from evaluating, treating or billing patients whose medical services are reimbursed through either no-fault insurance or workers compensation. Instead, the Modification Order shall impose the following Conditions upon me, which shall take effect upon the Modification Order's effective date and will continue so long as I remain a licensee in New York State:
 - I shall maintain, in a format that is acceptable to OPMC, a log ("log") of all patients whom I evaluate, treat or bill, whose medical services are reimbursed through no-fault insurance or workers compensation.
 - The log shall be available for inspection on demand by the Director of OPMC, and copies of the log shall be provided to the Director of OPMC on a quarterly basis.
 - Upon request, and as directed, I shall submit the medical records, billing records and any other documentation demanded regarding my care and/or billing of patients whose medical services are reimbursed through no-fault insurance or workers compensation, to the Director of OPMC.

and

All remaining Terms and Conditions will continue as written in the Original Order.

I make this Application of my own free will and accord and not under duress, compulsion or restraint, and seek the anticipated benefit of the requested Modification. In consideration of the value to me of the acceptance by the Board of this Application, I knowingly waive my right to contest the Original Order or the Modification, Order for which I apply, whether administratively or judicially, and ask that the Board grant this Application.

I understand and agree that the attorney for the Department, the Director of the Office of Professional Medical Conduct and the Chair of the State Board for Professional Medical Conduct each retain complete discretion either to enter into the proposed agreement and Order, based upon my application, or to decline to do so. I further understand and agree that no prior or separate written or oral communication can limit that discretion.

I agree not to contest the first specification of the Statement of Charges, in full satisfaction of the charges against me, and agree to the following penalty:

Pursuant to N.Y. Pub. Health Law § 230-a(2), my license to practice medicine in New York State shall be suspended for thirty-six months, with the first six months to be served as a period of actual suspension and with the last thirty months

1. Respondent's conduct shall conform to moral and professional standards of conduct and governing law. Any act of professional misconduct by Respondent as defined by New York State Education Law § 6530 or § 6531 shall constitute a violation of probation and may subject Respondent to an action pursuant to New York State Public Health Law § 230(19).
2. Respondent shall maintain active registration of Respondent's license (except during periods of actual suspension) with the New York State Education Department Division of Professional Licensing Services, and shall pay all registration fees.
3. Respondent shall provide the Director, Office of Professional Medical Conduct (OPMC), Hedley Park Place, 433 River Street Suite 303, Troy, New York 12180-2299 with the following information, in writing, and ensure that such information is kept current: a full description of Respondent's employment and practice; all professional and residential addresses and telephone numbers within and outside New York State; and all investigations, arrests, charges, convictions or disciplinary actions by any local, state or federal agency, institution or facility, within thirty days of each action.
4. Respondent shall cooperate fully with, and respond in a timely manner to, OPMC requests to provide written periodic verification of Respondent's compliance with the terms of this Consent Order. Upon the Director of OPMC's request, Respondent shall meet in person with the Director's designee.
5. Respondent's failure to pay any monetary penalty by the prescribed date shall subject Respondent to all provisions of law relating to debt collection by New York State, including but not limited to: the imposition of interest, late payment charges and collection fees; referral to the New York State Department of Taxation and Finance for collection; and non-renewal of permits or licenses [Tax Law § 171(27)]; State Finance Law § 18; CPLR § 5001; Executive Law § 32]. Failure to pay the fine shall be construed as a violation of probation.
6. The probation period shall toll when Respondent is not engaged in active medical practice in New York State for a period of thirty consecutive days or more. Respondent shall notify the Director of OPMC, in writing, if Respondent is not currently engaged in, or intends to leave, active medical practice in New York State for a consecutive thirty day period. Respondent shall then notify the Director again at least fourteen days before returning to active practice. Upon Respondent's return to active practice in New York State, the probation period will resume and Respondent shall fulfill any unfulfilled probation terms and such additional requirements as the Director may impose as reasonably relate to the matters set forth in Exhibit "A" or are necessary to protect the public health.
7. The Director of OPMC may review Respondent's professional performance.

This review may include but shall not be limited to: a review of office records, patient records, hospital charts, and/or electronic records; and interviews with or periodic visits with Respondent and staff at practice locations or OPMC offices.

8. Respondent shall maintain complete and legible medical records that accurately reflect the evaluation and treatment of patients and contain all information required by State rules and regulations concerning controlled substances.

The review will determine whether the Respondent's medical practice is conducted in accordance with the generally accepted standards of professional medical care. Any perceived deviation of accepted standards of medical care or refusal to cooperate with the monitor shall be reported within 24 hours to OPMC.
 - b. Respondent shall be solely responsible for all expenses associated with monitoring, including fees, if any, to the monitoring physician.
 - c. Respondent shall cause the practice monitor to report quarterly, in writing, to the Director of OPMC.

Records shall be maintained in a safe and secure place that is reasonably accessible to former patients. The arrangements shall ensure that all patient information is kept confidential and is available only to authorized persons. When a patient or authorized representative requests a copy of the patient's medical record, or requests that the original medical record be sent to another health care provider, a copy of the record shall be promptly provided or sent at reasonable cost to the patient (not to exceed 75 cents per page.) Radiographic, sonographic and like materials shall be provided at cost. A qualified person shall not be denied access to patient information solely because of inability to pay.

8. Respondent shall not charge, receive or share any fee or distribution of dividends for professional services rendered (by himself or others) while barred from practicing medicine.
9. Respondent may receive compensation for the reasonable value of services lawfully rendered, and disbursements incurred on a patient's behalf, prior to the Order's effective date. If Respondent dissolves a professional service corporation pursuant to this Order, the dissolution of the professional service corporation shall not affect any remedy available to or against such corporation, its directors, officers or shareholders for any right or claim existing before such dissolution.
10. If Respondent is a shareholder in any professional service corporation organized to engage in the practice of medicine and Respondent's license is revoked, surrendered or suspended for six months or more pursuant to this Order, Respondent shall, within ninety days of the Order's effective date, divest himself/herself of all financial interest in such professional services corporation in accordance with New York Business Corporation Law.
