ARTHUR S. HENGERER, M.D.  
Chair  
State Board for Professional Medical Conduct

**IN THE MATTER  
OF  
JASON SHEVETZ, M.D.**

**CONSENT  
AGREEMENT**

JASON SHEVETZ, M.D., represents that all of the following statements are true:

That on or about February 26, 2002, I was licensed to practice as a physician in the State of New York, and issued License No. 224024 by the New York State Education Department.

My current address is REDACTED, and I will advise the Director of the Office of Professional Medical Conduct of any change of address.

I understand that the New York State Board for Professional Medical Conduct (Board) has charged me with one or more specifications of professional misconduct, as set forth in a Statement of Charges, marked as Exhibit "A", attached to and part of this Consent Agreement.

I assert that I cannot successfully defend against at least one of the acts of misconduct alleged, in full satisfaction of the charges against me, and agree to the following penalty:

Pursuant to New York Pub. Health Law § 230-a (2), my license to practice medicine in New York State shall be suspended for twenty-four months, with the entire period stayed.

Pursuant to New York Pub. Health Law § 230-a(9), I shall be placed on probation for thirty-six months, subject to the terms set forth in attached Exhibit "B."

Pursuant to N.Y. Pub. Health Law §§ 230-a(7) and (9), I shall be subject to a fine in the amount of \$50,000 to be paid in full within 30 days of the effective date of this Order. Payments must be submitted to:

Bureau of Accounts Management  
New York State Department of Health  
Empire State Plaza  
Corning Tower, Room 2784  
Albany, New York 12237

I further agree that the Consent Order shall impose the following conditions:

That Respondent shall be precluded, either individually or through a professional corporation, from evaluating, treating or billing patients whose medical services are reimbursed through either No-Fault insurance or Workers' Compensation. Such condition shall not preclude Respondent from evaluating and treating patients, as a salaried employee of a governmental facility or a hospital/facility approved pursuant to Article 28 of the New York State Public Health Law, whose medical services are reimbursed through either No-Fault insurance or Workers' Compensation to such institution. Such condition shall also not preclude Respondent from obtaining payment for services actually rendered prior to the effective date of this Consent.

That Respondent shall refrain from ordering, performing and/or interpreting electrodiagnostic nerve and muscle studies from this Consent Order's effective date and continuing as long as Respondent remains a licensee in New York State. Any patient for whom such a study may be indicated shall be referred to an appropriate physician with whom Respondent has no financial relationship, who shall be directed, by Respondent, to exercise his/her independent judgment as to whether or not such testing is indicated.

That Respondent shall form, own, or control no more than one professional medical corporation or other professional practice entity at any time. Respondent may form, own, or control any such single professional practice entity ("SPPE") if and only if his own medical practice is performed at the practice site of that SPPE. Neither the

SPPE, nor any physician or other practitioner employed by Respondent or the SPPE in the course of such employment or in any association with Respondent or his SPPE, may evaluate, treat or bill patients whose services are reimbursed through either No-Fault insurance or Workers' Compensation.

That Respondent shall remain in continuous compliance with all requirements of N.Y. Educ Law § 6502 including but not limited to the requirements that a licensee shall register and continue to be registered with the New York State Education Department (except during periods of actual suspension) and that a licensee shall pay all registration fees. Respondent shall not exercise the option provided in N.Y. Educ. Law § 6502(4) to avoid registration and payment of fees. This condition shall take effect 120 days after the Consent Order's effective date and will continue so long as Respondent remains a licensee in New York State; and

That Respondent shall remain in continuous compliance with all requirements of N.Y. Pub. Health Law § 2995-a(4) and 10 NYCRR 1000.5, including but not limited to the requirements that a licensee shall : report to the department all information required by the Department to develop a public physician profile for the licensee; continue to notify the department of any change in profile information within 30 days of any change (or in the case of optional information, within 365 days of such change); and, in

addition to such periodic reports and notification of any changes, update his or her profile information within six months prior to the expiration date of the licensee's registration period. Licensee shall submit changes to his or her physician profile information either electronically using the department's secure web site or on forms prescribed by the department, and licensee shall attest to the truthfulness, completeness and correctness of any changes licensee submits to the department. This condition shall take effect 30 days after the Order's effective date and shall continue so long as Respondent remains a licensee in New York State. Respondent's failure to comply with this condition, if proven and found at a hearing pursuant to N.Y. Pub. Health Law § 230, shall constitute professional misconduct as defined in N.Y. Educ. Law § 6530(21) and N.Y. Educ. Law § 6530(29). Potential penalties for failure to comply with this condition may include all penalties for professional misconduct set forth in N.Y. Pub. Health Law §230-a, including but not limited to: revocation or suspension of license, Censure and Reprimand, probation, public service and/or fines of up to \$10,000 per specification of misconduct found; and

That Respondent shall cooperate fully with the Office of Professional Medical Conduct (OPMC) in its administration and enforcement of this Consent Order and in its investigations of matters concerning Respondent. Respondent shall respond in a timely manner to all OPMC requests for written periodic verification of Respondent's compliance with this Consent Order.

Respondent shall meet with a person designated by the Director of OPMC, as directed. Respondent shall respond promptly and provide all documents and information within Respondent's control, as directed. This condition shall take effect upon the Board's issuance of the Consent Order and will continue so long as Respondent remains licensed in New York State.

I stipulate that my failure to comply with any conditions of this Consent Order shall constitute misconduct as defined by N.Y. Educ. Law § 6530(29).

I agree that, if I am charged with professional misconduct in future, this Consent Agreement and Order **shall** be admitted into evidence in that proceeding.

I ask the Board to adopt this Consent Agreement.

I understand that if the Board does not adopt this Consent Agreement, none of its terms shall bind me or constitute an admission of any of the acts of alleged misconduct; this Consent Agreement shall not be used against me in any way and shall be kept in strict confidence; and the Board's denial shall be without prejudice to the pending disciplinary proceeding and the Board's final determination pursuant to N.Y. Pub. Health Law.

I agree that, if the Board adopts this Consent Agreement, the Chair of the Board shall issue a Consent Order in accordance with its terms. I agree that this Consent Order shall take effect upon its issuance by the Board, either by mailing of a copy of the Consent Order by first class mail to me at the address in this Consent Agreement, or to my attorney by certified mail, OR upon facsimile transmission to me or my attorney, whichever is first.

The Consent Order, this agreement, and all attached Exhibits shall be public documents, with only patient identities, if any, redacted. As public documents, they may be posted on the Department's website. OPMC shall report this action to the National Practitioner Data Bank and the Federation of State Medical Boards, and any other entities that the Director of OPMC shall deem appropriate.

I stipulate that the proposed sanction and Consent Order are authorized by N.Y. Pub. Health Law §§ 230 and 230-a, and that the Board and OPMC have the requisite powers to carry out all included terms. I ask the Board to adopt this Consent Agreement of my own free will and not under duress, compulsion or restraint. In consideration of the value to me of the Board's adoption of this Consent Agreement, allowing me to resolve this matter without the various risks and burdens of a hearing on the merits, I knowingly waive my right to contest the Consent Order for which I apply, whether administratively or judicially, I agree to be bound by the Consent Order, and I ask that the Board adopt this Consent Agreement.

I understand and agree that the attorney for the Department, the Director of OPMC and the Chair of the Board each retain complete discretion either to enter into the proposed agreement and Consent Order, based upon my application, or to decline to do so. I further understand and agree that no prior or separate written or oral communication can limit that discretion.

Respondent shall notify OPMC, in writing, within 30 days of any additions to or changes in the required information.
- 4) Respondent shall cooperate fully with, and respond in a timely manner to, OPMC requests to provide written periodic verification of Respondent's compliance with the terms of this Consent Order. Upon the Director of OPMC's request, Respondent shall meet in person with the Director's designee.
