IN THE MATTER
OF
MATTHEW BLOCK, M.D.

STATEMENT
OF
CHARGES

MATTHEW BLOCK, M.D., the Respondent, was authorized to practice medicine in New York State on or about February 12, 1992, by the issuance of license number 188324 by the New York State Education Department.

FACTUAL ALLEGATIONS

A. On or about November 1, 2017, the Respondent entered a Consent Order ("Order") with the North Carolina Medical Board ("NCMB"). The Order was based on allegations of prescribing controlled substances to an immediate family member, failure to maintain records, abusing alcohol, and diverting an immediate family member's prescribed medication for his own personal use. The Respondent admitted to all allegations in the order and the NCMB found grounds existed for the NCMB to discipline the Respondent. The Respondent received a suspension for a period of twenty-four months, which would be immediately stayed and was to remain stayed so long as the Respondent adheres to the following terms and conditions. Respondent was restricted and prohibited from prescribing Schedule I, II/IIIN, III/IIIN, and IV

controlled substances. The Respondent was also directed to finish dictation in a timely manner and maintain complete and timely medical records for all patients. The Respondent was also required to maintain his current contact with the North Carolina Physician's Health Program and abide by its terms. In addition, the Respondent was to refrain from the use or possession of alcohol, other mind- or mood-altering substances, and controlled substances unless lawfully prescribed for him by someone other than himself. The Respondent was also required to supply urine, blood, hair, and other bodily fluid or tissue sample to the Board to determine if he had consumed any of the prohibited substances.

B. The conduct resulting in the NCMB's disciplinary action against the Respondent would constitute misconduct under the laws of New York State pursuant to the following sections of New York State Law:

1. New York Education Law §6530(3) (Practicing the profession of medicine with negligence on more than one occasion); and/or
2. New York Education Law §6530(8) (Being a habitual abuser of alcohol, or being dependent on or a habitual user of narcotics, barbiturates, amphetamines, hallucinogens, or other drugs having similar effects).

SPECIFICATION OF CHARGES
HAVING HAD DISCIPLINARY ACTION TAKEN

Respondent is charged with committing professional misconduct as defined in N.Y. Educ. Law § 6530(9)(d) by having his or her license to practice medicine revoked,

suspended or having other disciplinary action taken, or having his or her application for a license refused, revoked or suspended or having voluntarily or otherwise surrendered his or her license after a disciplinary action was instituted by a duly authorized professional disciplinary agency of another state, where the conduct resulting in the revocation, suspension or other disciplinary action involving the license or refusal, revocation or suspension of an application for a license or the surrender of the license would, if committed in New York state, constitute professional misconduct under the laws of New York State as alleged in the facts of the following:

1. The facts in Paragraphs A, B, and B1; and/or B2.
