IN THE MATTER  
OF  
DURGESH P. MANKIKAR, M.D.

STATEMENT  
OF  
CHARGES

DURGESH P. MANKIKAR, M.D., the Respondent, was authorized to practice medicine in New York State on or about July 1, 1980 by the issuance of license number 142755 by the New York State Education Department.

**FACTUAL ALLEGATIONS**

A. New York Public Health Law ("PHL") Article 29-D § 2995-a, effective on or about October 6, 2000, requires the New York State (NYS) Department of Health (DOH) to collect information from NYS licensed physicians to create individual profiles on the licensee (physician profile) in a format to be made available to the public. Physicians were required to provide the DOH with specific information in a time and manner determined by the DOH.

On or about November 3, 2008, PHL § 2995-a was amended to, among other things, require physicians to update their physician profiles within the six months prior to the expiration date of their registration with the NYS Education Department (NYSED). Pursuant to NY Education Law § 6524(11), also effective on or about November 3, 2008, physicians could not re-register with the NYSED unless they attested under the penalties of perjury that they had updated their physician profile within six months of their re-registration application.

On or before November 1, 2011, in compliance with NY Education Law § 6524(11), the NYSED's re-registration application process started requiring physicians

applying for re-registration to attest, under the penalties of perjury and as a condition of their re-registration application, that they had updated their physician profiles in compliance with PHL § 2995-a. Physicians were also required to acknowledge that any misrepresentation, or false or misleading information made in connection with their re-registration application may be cause for disciplinary action against them.

B. Respondent was registered with the NYSED between February 1, 2010 and January 31, 2012. Respondent prepared and/or submitted a re-registration application to the NYSED on or about August 22, 2013 for the registration period of August 1, 2013 through July 31, 2015. Pursuant to PHL § 2995-a(4), Respondent was required to update his physician profile within the six months prior to expiration of the registration period (January 31, 2012). As of June 26, 2018, Respondent has failed to complete and/or submit his initial physician profile information as required by PHL § 2995-a and failed to update his physician profile as required by PHL § 2995-a(4).

C. Respondent prepared and/or submitted an online re-registration application to the NYSED on or about August 18, 2015. The application was for the license registration period of August 1, 2015 through September 30, 2016. The preceding registration period was August 1, 2013 through July 31, 2015. Pursuant to PHL § 2995-a(4), Respondent was required to update his physician profile within the six months prior to the expiration of the registration period (July 31, 2015). Respondent failed to update his physician profile as required by PHL § 2995-a(4). Respondent, by submitting the August 18, 2015 re-registration application, attested under the penalties of perjury that he had updated his physician profile in compliance with PHL § 2995-a(4). Respondent's August 18, 2015 re-registration application contained a false statement, Respondent knew the statement was false, and Respondent intended to mislead through the false statement.

D. Respondent prepared and/or submitted an online re-registration application to the NYSED on or about January 23, 2017. The application was for the license registration

period of October 1, 2016 through September 30, 2018. The preceding registration period was August 1, 2015 through September 30, 2016. Pursuant to PHL § 2995-a(4), Respondent was required to update his physician profile within the six months prior to the expiration of the registration period (September 30, 2016). Respondent failed to update his physician profile as required by PHL § 2995-a(4). Respondent, by submitting the January 23, 2017 re-registration application, attested under the penalties of perjury that he had updated his physician profile in compliance with PHL § 2995-a(4). Respondent's January 23, 2017 re-registration application contained a false statement, Respondent knew the statement was false, and Respondent intended to mislead through the false statement.
