IN THE MATTER  
OF  
PAUL HANNAN, M.D.

SURRENDER  
OF  
LICENSE  
AND  
ORDER

PAUL HANNAN, M.D., represents that all of the following statements are true:

That on or about 10/20/2008, I was licensed to practice as a physician in the State of New York, and issued License No. 250782 by the New York State Education Department.

My current address is [REDACTED]

I understand that the New York State Board for Professional Medical Conduct (Board) has charged me with one or more specifications of professional misconduct, as set forth in a Statement of Charges, marked as Exhibit "A", which is attached to and part of this Surrender of License.

I am applying to the State Board for Professional Medical Conduct for permission to surrender my license as a physician in the State of New York on the grounds that I do not contest the allegations, in full satisfaction of the charges against me.

I ask the Board to accept my Surrender of License, and I agree to be bound by all of the terms set forth in attached Exhibit "B".

I understand that, if the Board does not accept my Surrender of License, none of its terms shall bind me or constitute an admission of any of the acts of misconduct alleged; this application shall not be used against me in any way and shall be kept in strict

confidence; and the Board's denial shall be without prejudice to the pending disciplinary proceeding and the Board's final determination pursuant to the Public Health Law.

I agree that, if the Board accepts my Surrender of License, the Chair of the Board shall issue a Surrender Order in accordance with its terms. I agree that this Order shall take effect upon its issuance by the Board, either by mailing of a copy of the Surrender Order by first class mail to me at the address in this Surrender of License, or to my attorney by certified mail, or upon facsimile transmission to me or my attorney, whichever is first. The Surrender Order, this agreement, and all attached exhibits shall be public documents, with only patient identities or other confidential information, if any, redacted. As public documents, they may be posted on the Department's website(s). OPMC shall report this action to the National Practitioner Data Bank, the Federation of State Medical Boards, and any other entities that the Director of OPMC shall deem appropriate.

I ask the Board to accept this Surrender of License, which I submit of my own free will and not under duress, compulsion or restraint. In consideration of the value to me of the Board's acceptance of this Surrender of License, allowing me to resolve this matter without the various risks and burdens of a hearing on the merits, I knowingly waive my right to contest the Surrender Order for which I apply, whether administratively or judicially, and I agree to be bound by the Surrender Order.

I understand and agree that the attorney for the Department, the Director of the Office of Professional Medical Conduct and the Chair of the State Board for Professional Medical Conduct each retain complete discretion either to enter into the proposed agreement and Order, based upon my application, or to decline to do so. I further

understand and agree that no prior or separate written or oral communication can limit that discretion.

**EXHIBIT "A"**

IN THE MATTER  
OF  
PAUL HANNAN, M.D.

STATEMENT  
OF  
CHARGES

PAUL HANNAN, M.D., the Respondent, was authorized to practice medicine in New York State on or 10/20/2008 by the issuance of license number 250782 by the New York State Education Department.

FACTUAL ALLEGATIONS

A. On or about 01/02/18, following a hearing, the Delaware Board of Medical Licensure and Discipline issued a Final Board Order, revoking Respondent's medical license. The Final Board Order took this action based on findings that, in his treatment of eight patients, Respondent engaged in unprofessional and dangerous prescribing practices. The Final Board Order found, in part, that Respondent engaged in conduct that was dishonorable, unethical, or likely to deceive, defraud, or harm the public; failed to keep accurate medical records; engaged in the use, distribution, or issuance of a prescription for a dangerous or narcotic drug, other than for therapeutic or diagnostic purposes; and engaged in a pattern of negligence in the practice of medicine. On or about 03/28/18, the Delaware Secretary of State issued a Final Order revoking Respondent's Delaware Controlled Substance registration.

B. The conduct resulting in the Delaware disciplinary action against Respondent would constitute misconduct under the laws of New York State pursuant to the following sections of New York State Law:

1. New York Education Law § 6530(3) (practicing the profession with negligence on more than one occasion)
2. New York Education Law § 6530(32) (failing to maintain a record for each patient which accurately reflects the evaluation and treatment of the patient)

C. On or about 08/28/18, the State of Florida Department of Health filed an Administrative Complaint against Respondent, charging Respondent with misconduct based on the Delaware Final Board Order.

D. On or about 3/18/19, Respondent signed a renewal application, which was later submitted to the New York State Education Department in order to renew his New York medical license registration. In this application, Respondent answered "No" to the question which asked, "Since your last registration application, are charges pending against you in any jurisdiction for any sort of professional misconduct?" In failing to disclose the filing of the Administrative Complaint in Florida, Respondent's answer to the subject question was false, he knew the answer was false, and he intended to mislead through false representation.

#### SPECIFICATION OF CHARGES

Educ. Law § 65300[3], [32]) as alleged in the facts of the following:

1. The facts in Paragraphs A and B.

**EXHIBIT "B"**

**Requirements for Closing a Medical Practice Following a  
Revocation, Surrender, Limitation or Suspension of a Medical License**

1. Licensee shall immediately cease and desist from engaging in the practice of medicine in New York State, or under Licensee's New York license, in accordance with the terms of the Order. In addition, Licensee shall refrain from providing an opinion as to professional practice or its application and from representing that Licensee is eligible to practice medicine.
2. Within 5 days of the Order's effective date, Licensee shall deliver Licensee's original license to practice medicine in New York State and current biennial registration to the Office of Professional Medical Conduct (OPMC) at Riverview Center, 150 Broadway, Suite 355, Albany, New York 12204-2719.
3. Within 15 days of the Order's effective date, Licensee shall notify all patients of the cessation or limitation of Licensee's medical practice, and shall refer all patients to another licensed practicing physician for continued care, as appropriate. Licensee shall notify, in writing, each health care plan with which the Licensee contracts or is employed, and each hospital where Licensee has privileges, that Licensee has ceased medical practice. Within 45 days of the Order's effective date, Licensee shall provide OPMC with written documentation that all patients and hospitals have been notified of the cessation of Licensee's medical practice.
4. Licensee shall make arrangements for the transfer and maintenance of all patient medical records. Within 30 days of the Order's effective date, Licensee shall notify OPMC of these arrangements, including the name, address, and telephone number of an appropriate and acceptable contact person who shall have access to these records. Original records shall be retained for at least 6 years after the last date of service rendered to a patient or, in the case of a minor, for at least 6 years after the last date of service or 3 years after the patient reaches the age of majority, whichever time period is longer. Records shall be maintained in a safe and secure place that is reasonably accessible to former patients. The arrangements shall include provisions to ensure that the information in the record is kept confidential and is available only to authorized persons. When a patient or a patient's representative requests a copy of the patient's medical record, or requests that the original medical record be sent to another health care provider, a copy of the record shall be promptly provided or forwarded at a reasonable cost to the patient (not to exceed 75 cents per page.) Radiographic, sonographic and similar materials shall be provided at cost. A qualified person shall not be denied access to patient information solely because of an inability to pay.
5. In the event that Licensee holds a Drug Enforcement Administration (DEA) certificate for New York State, Licensee shall, within 15 days of the Order's

effective date, advise the DEA, in writing, of the licensure action and shall surrender Licensee's DEA controlled substance privileges for New York State to the DEA. Licensee shall promptly surrender any unused DEA #222 U.S. Official Order Forms Schedules 1 and 2 for New York State to the DEA. All submissions to the DEA shall be addressed to Diversion Program Manager, New York Field Division, U.S. Drug Enforcement Administration, 99 Tenth Avenue, New York, NY 10011.

6. Within 15 days of the Order's effective date, Licensee shall return any unused New York State official prescription forms to the Bureau of Narcotic Enforcement of the New York State Department of Health. If no other licensee is providing services at Licensee's practice location, Licensee shall properly dispose of all medications.
7. Within 15 days of the Order's effective date, Licensee shall remove from the public domain any representation that Licensee is eligible to practice medicine, including all related signs, advertisements, professional listings (whether in telephone directories, internet or otherwise), professional stationery or billings. Licensee shall not share, occupy, or use office space in which another licensee provides health care services.
8. Licensee shall not charge, receive or share any fee or distribution of dividends for professional services rendered by Licensee or others while Licensee is barred from engaging in the practice of medicine. Licensee may be compensated for the reasonable value of services lawfully rendered, and disbursements incurred on a patient's behalf, prior to the Order's effective date.
9. If Licensee is a shareholder in any professional service corporation organized to engage in the practice of medicine, Licensee shall divest all financial interest in the professional services corporation, in accordance with New York Business Corporation Law. Such divestiture shall occur within 90 days. If Licensee is the sole shareholder in a professional services corporation, the corporation must be dissolved or sold within 90 days of the Order's effective date.
10. Failure to comply with the above directives may result in a civil penalty or criminal penalties as may be authorized by governing law. Under N.Y. Educ. Law § 6512, it is a Class E Felony, punishable by imprisonment for up to 4 years, to practice the profession of medicine when a professional license has been suspended, revoked or annulled. Such punishment is in addition to the penalties for professional misconduct set forth in N.Y. Pub. Health Law § 230-a, which include fines of up to \$10,000 for each specification of charges of which the Licensee is found guilty, and may include revocation of a suspended license.
