FACTUAL ALLEGATIONS

A. On or about July 15, 2019, the State of Florida Board of Medicine ("Board") issued a Corrected Final Order ("Order") based on a Settlement Agreement, after having opened an investigation into the conduct and medical practice of Respondent. The Order imposed a Letter of Concern, a \$10,000.00 fine, CME in Records Keeping and Risk Management and costs not to exceed \$26,000.00. The Settlement Agreement was based on a Complaint filed by the Florida Department of Health, on January 6, 2017, which alleged, in part, that the Respondent engaged in unprofessional conduct as defined by Chapter 64B8-9.003(d)(3) of the Florida Administrative Code (2015) by failing to maintain an accurate medical record.

1. The conduct resulting in the Order would constitute misconduct under the laws of New York State, pursuant to New York Education Law §6530(32) ("Failing to maintain a record for each patient which accurately reflects the evaluation and treatment of the patient...").

B. On or about January 6, 2017, the Florida Health Department filed a complaint, with charges, against Respondent. On or about May 12, 2018, Respondent answered in the negative to the Question on his 2018 SED registration renewal, which stated, "Since your last registration application, are charges pending against you in any jurisdiction for any sort of professional misconduct?" At the time that Respondent submitted his 2018 SED registration renewal, charges were pending against Respondent.
