OF
JUDD LEVY, M.D.

MODIFICATION
AGREEMENT
AND
ORDER

Judd Levy, M.D., represents that all of the following statements are true:

That on or about May 7, 1984, I was licensed to practice as a physician in the State of New York and issued License No. 158117 by the New York State Education Department.

My current address is [REDACTED]

and I will advise the Director of the Office of Professional Medical Conduct of any change of address.

I am currently subject to BPMC Order # BPMC 21-128 (Attachment I) (henceforth "Original Order"), which was issued upon an Application For Consent Order signed by me on June 22, 2021 (henceforth Original Application"), adopted by the Original Order. I hereby apply to the State Board for Professional Medical Conduct for an Order (henceforth "Modification Order"), modifying the Original Order, as follows:

The sanction imposed in the Original Order was:

- Pursuant to N.Y. Pub. Health Law § 230-a(3), my license to practice medicine in New York State shall be limited to:

- Preclude prescribing, dispensing, ordering and/or administering any controlled substances until the Director of the Office of Professional Medical Conduct reviews the results of a clinical competency assessment (CCA) as is more fully set forth in Paragraph 8 and its subsections of the Terms of Probation set forth in Exhibit "B" and determines that any relevant corrective action and/or retraining is successfully completed. Upon the effective date of this agreement, any patients to whom I currently prescribe or dispense controlled substances shall be appropriately referred to another health care provider, who shall exercise independent judgment in prescribing. After reviewing the CCA results and recommendations, the Director, in the Director's sole discretion, may stay, extend or limit the license limitation in part or in its entirety.
- Pursuant to N.Y. Pub. Health Law § 230-a(9), I shall be placed on probation for a period of 36 months, subject to the terms set forth in attached Exhibit "B." The Director, in the Director's sole discretion, may impose additional terms based upon all relevant facts and circumstances known to the Director, including, but not limited to those related to the current OPMC investigation, the CCA results and recommendations, my practice in the future, as well as any additional probation terms that are deemed necessary to protect the public.

The sanction imposed shall be modified to read as follows:

- to permit me to surrender my license as a physician and to preclude my practice of medicine in the State of New York;
- to substitute a surrender of my license for so much of the penalty as remains for me to serve, as set forth in the Original Order (attached "Attachment I");
- to release me from the condition set forth in the Original Order requiring that I register and continue to be registered with the New York State Education Department and pay all registration fees. By its terms, the condition continues so long as I remain a licensee in New York State; upon the effective date of this Modification Order and the surrender of my license, this condition and requirement shall cease;
- to subject me to the terms and conditions set forth in the attached document entitled "Requirements for Closing a Medical Practice Following a Revocation, Surrender, Limitation or Suspension of a Medical License" (henceforth "Attachment II", which is attached);

and

All remaining Terms and Conditions will continue as written in the Original Order.

I make this Application of my own free will and accord and not under duress, compulsion or restraint, and seek the anticipated benefit of the requested Modification. In consideration of the value to me of the acceptance by the Board of this Application, I knowingly waive my right to contest the Original Order or the Modification Order for which I apply, whether administratively or judicially, and ask that the Board grant this Application.

I understand and agree that the attorney for the Department, the Director of the Office of Professional Medical Conduct and the Chair of the State Board for Professional Medical Conduct each retain complete discretion either to enter into the proposed agreement and Order, based upon my application, or to decline to do so. I further understand and agree that no prior or separate written or oral communication can limit that discretion.

OF

CONSENT
AGREEMENT

Judd Levy, M.D., represents that all of the following statements are true:

That on or about May 7, 1984, I was licensed to practice as a physician in the State of New York, and issued License No. 158117 by the New York State Education Department.

My current address is 95-20 63rd St 121 Rego Park NY

and I will advise the Director of the Office of Professional Medical Conduct of any change of address.

I understand that the New York State Board for Professional Medical Conduct (Board) has charged me with one or more specifications of professional misconduct, as set forth in a Statement of Charges, marked as Exhibit "A", attached to and part of this Consent Agreement.

I assert that I cannot successfully defend against at least one act of misconduct alleged, in full satisfaction of the charges against me, and agree to the following penalty:

Pursuant to N.Y. Pub. Health Law § 230-a(3), my license to practice medicine in New York State shall be limited to:

- Preclude prescribing, dispensing, ordering and/or administering any controlled substances until the Director of the Office of Professional Medical Conduct reviews the results of a clinical competency assessment (CCA) as is more fully set forth in Paragraph 8 and its subsections of the Terms of Probation set forth in Exhibit "B" and determines that any relevant corrective action and/or retraining is successfully completed. Upon the effective date of this agreement, any patients to whom I currently prescribe or dispense controlled substances shall be appropriately referred to another health care provider, who shall exercise independent judgment in prescribing. After reviewing the CCA results and recommendations, the Director, in the Director's sole discretion, may stay, extend or limit the license limitation in part or in its entirety.
- Pursuant to N.Y. Pub. Health Law § 230-a(9), I shall be placed on probation for a period of 36 months, subject to the terms set forth in attached Exhibit "B." The Director, in the Director's sole discretion, may impose additional terms based upon all relevant facts and circumstances known to the Director, including, but not limited to those related to the current OPMC investigation, the CCA results and recommendations, my practice in the future, as well as any additional probation terms that are deemed necessary to protect the public.

I further agree that the Consent Order shall impose the following conditions:

That Respondent shall comply with each and every penalty imposed by this Order pursuant to N.Y. Pub. Health Law § 230-a; and

That Respondent shall remain in continuous compliance with all requirements of N.Y. Educ Law § 6502 including but not limited to the requirements that a licensee shall register and continue to be registered with the New York State Education Department (except during periods of actual suspension) and that a licensee shall pay all registration fees. Respondent shall not exercise the option provided in N.Y. Educ. Law § 6502(4) to avoid registration and payment of fees. This condition shall take effect 120 days after the Consent Order's effective date and will continue so long as Respondent remains a licensee in New York State; and

That Respondent shall remain in continuous compliance with all requirements of N.Y. Pub. Health Law § 2995-a(4) and 10 NYCRR 1000.5, including but not limited to the requirements that a licensee shall: report to the Department all information required by the Department to develop a public physician profile for the licensee; continue to notify the Department of any change in profile information within 30 days of any change (or in the case of optional information, within 365 days of such change); and, in

addition to such periodic reports and notification of any changes, update licensee's profile information within six months prior to the expiration date of the licensee's registration period. Licensee shall submit changes to licensee's physician profile information either electronically using the Department's secure web site or on forms prescribed by the Department, and licensee shall attest to the truthfulness, completeness and correctness of any changes licensee submits to the Department. This condition shall take effect 30 days after the Order's effective date and shall continue so long as Respondent remains a licensee in New York State. Respondent's failure to comply with this condition, if proven and found at a hearing pursuant to N.Y. Pub. Health Law § 230, shall constitute professional misconduct as defined in N.Y. Educ. Law § 6530(21) and N.Y. Educ. Law § 6530(29). Potential penalties for failure to comply with this condition may include all penalties for professional misconduct set forth in N.Y. Pub. Health Law § 230-a, including but not limited to: revocation or suspension of license, Censure and Reprimand, probation, public service and/or fines of up to \$10,000 per specification of misconduct found; and

That Respondent shall provide the Director, Office of Professional Medical Conduct (OPMC), Riverview Center, 150 Broadway, Suite 355, Albany, New York 12204-2719, with the following information, in writing, and ensure that this information is kept current: a full description of Respondent's

employment and practice; all professional and residential addresses and telephone numbers within and outside New York State; and all investigations, arrests, charges, convictions or disciplinary actions by any local, state or federal agency, institution or facility. Respondent shall notify OPMC, in writing, within 30 days of any additions to or changes in the required information. This condition shall take effect 30 days after the Order's effective date and shall continue at all times until Respondent receives written notification from the Office of Professional Medical Conduct, Physician Monitoring Program, that OPMC has determined that Respondent has fully complied with and satisfied the requirements of the Order, regardless of tolling; and

That Respondent shall cooperate fully with the Office of Professional Medical Conduct (OPMC) in its administration and enforcement of this Consent Order and in its investigations of matters concerning Respondent. Respondent shall respond in a timely manner to all OPMC requests for written periodic verification of Respondent's compliance with this Consent Order. Respondent shall meet with a person designated by the Director of OPMC, as directed. Respondent shall respond promptly and provide all documents and information within Respondent's control, as directed. This condition shall take effect upon the Board's issuance of the Consent Order and will continue so long as Respondent remains licensed in New York State.

I stipulate that my failure to comply with any conditions of this Consent Order shall constitute misconduct as defined by N.Y. Educ. Law § 8530(29).

I agree that, if I am charged with professional misconduct in future, this Consent Agreement and Order shall be admitted into evidence in that proceeding.

I ask the Board to adopt this Consent Agreement.

I understand that if the Board does not adopt this Consent Agreement, none of its terms shall bind me or constitute an admission of any of the acts of alleged misconduct; this Consent Agreement shall not be used against me in any way and shall be kept in strict confidence; and the Board's denial shall be without prejudice to the pending disciplinary proceeding and the Board's final determination pursuant to the N.Y. Pub. Health Law.

I agree that, if the Board adopts this Consent Agreement, the Chair of the Board shall issue a Consent Order in accordance with its terms. I agree that this Consent Order shall take effect upon its issuance by the Board, either by mailing of a copy of the Consent Order by first class mail to me at the address in this Consent Agreement, or to my attorney by certified mail, OR upon facsimile transmission to me or my attorney, whichever is first. The Consent Order, this agreement, and all attached Exhibits shall be public documents, with only patient identities, if any, redacted. As public documents, they may be posted on the Department's website. OPMC shall report this action to the National Practitioner Data Bank and the Federation of State Medical Boards, and any other entities that the Director of OPMC shall deem appropriate.

I stipulate that the proposed sanction and Consent Order are authorized by N.Y. Pub. Health Law §§ 230 and 230-a, and that the Board and OPMC have the requisite powers to carry out all included terms. I ask the Board to adopt this Consent Agreement of my own free will and not under duress, compulsion or restraint. In consideration of the value to me of the Board's adoption of this Consent Agreement, allowing me to resolve this matter without the various risks and burdens of a hearing on the merits, I knowingly waive my right to contest the Consent Order for which I apply, whether administratively or judicially, I agree to be bound by the Consent Order, and I ask that the Board adopt this Consent Agreement.

I understand and agree that the attorney for the Department, the Director of OPMC and the Chair of the Board each retain complete discretion either to enter into the proposed agreement and Consent Order, based upon my application, or to decline to do so. I further understand and agree that no prior or separate written or oral communication can limit that discretion.

- 2) Respondent shall cooperate fully with, and respond in a timely manner to, OPMC requests to provide written periodic verification of Respondent's compliance with the terms of this Consent Order. Upon the Director of OPMC's request, Respondent shall meet in person with the Director's designee.

Respondent shall notify the Director of OPMC, in writing, if Respondent is not currently engaged in, or intends to leave, active medical practice in New York State for a consecutive 30 day period. Respondent shall then notify the Director again at least 14 days before returning to active practice. Upon Respondent's return to active practice in New York State, the probation period shall resume and Respondent shall fulfill any unfulfilled probation terms and such additional requirements as the Director may impose as reasonably relate to the matters set forth in Exhibit "A" or as are necessary to protect the public health.
- 5) The Director of OPMC may review Respondent's professional performance. - 7) Respondent shall maintain complete and legible medical records that accurately reflect the evaluation and treatment of patients and contain all information required by State rules and regulations concerning controlled substances.

8) **CLINICAL COMPETENCY ASSESSMENT**

- a. Respondent shall obtain a clinical competency assessment (CCA) performed by a program for such assessment as directed by the Director of OPMC. Respondent shall complete the assessment to the satisfaction of the Director of OPMC and shall cause a written report of such assessment to be provided directly to the Director of OPMC within sixty (60) days of the effective date of this Order, unless an extension is granted, in writing, by the Director.
- i. Respondent shall be responsible for all expenses related to the clinical competency assessment and shall provide to the Director of OPMC proof of full payment of all costs that may be charged. This term of probation shall not be satisfied in the absence of actual receipt, by the Director, of such documentation, and any failure to satisfy shall provide a basis for a Violation of Probation proceeding.
- b. At the direction of the Director and no more than 60 days following receipt of the report of the clinical competency assessment, the Respondent shall identify a Preceptor, preferably a physician who is board certified in the same specialty, and subject to the Director of OPMC's written approval. No more than 30 days after learning that the approved Preceptor is no longer willing or able to serve or no more than 30 days after having been notified by the Director that the Preceptor has been discharged for cause, which shall include but not be limited to the inadequacy of the Preceptor's reports and/or performance, Respondent shall have an approved successor in place, subject to the Director's written approval. Upon approval, the new Preceptor shall perform the duties described in (i) through (iv) below. Regardless of the reason necessitating a replacement, if the Director does not approve Respondent's proposed new Preceptor, Respondent shall immediately cease the practice of medicine, unless notified by the Director, in writing, of an extension, which may be granted at the Director's discretion. In that event, Respondent shall propose another Preceptor, which the Director has 30 days to approve or disapprove until a Preceptor is accepted. Any medical practice in violation of this term shall constitute the unauthorized practice of medicine.

The Respondent shall cause the Preceptor to:

- i. Develop and submit to the Director of OPMC for written approval a remediation plan, which addresses the deficiencies /retraining recommendations identified in the CCA. Additionally, this proposal shall establish a timeframe for completion of the remediation program.

- ii. Submit progress reports at periods identified by OPMC certifying whether the Respondent is fully participating in the personalized continuing medical education program and is making satisfactory progress towards the completion of the approved remediation plan.
 - iii. Report immediately to the Director of OPMC if the Respondent withdraws from the program and report promptly to OPMC any non-compliance by the Respondent.
 - iv. At the conclusion of the program, and at any time prior to the conclusion, as Preceptor deems appropriate, submit to the Director a detailed assessment of the progress made by the Respondent toward remediation of all identified deficiencies, a recommendation regarding the need for any further remediation or training, and any recommendation regarding advisable restrictions, if any, on Respondent's future medical practice.
- c. Respondent shall be subject to any further terms of probation as may be imposed by Director, in the Director's sole reasonable discretion, as the Director deems necessary based upon all relevant facts and circumstances then known to OPMC, including, but not limited to, those related to the OPMC investigation of Respondent, the results and recommendations of the CCA, the Preceptor's reports, and Respondent's practice in the future, as deemed by the Director to be necessary to protect the public health. Respondent, by making this Application, stipulates that the Director shall be so authorized.
- d. Respondent shall be solely responsible for all expenses associated with these terms, including fees, if any, for the clinical competency assessment, the personalized continuing medical education program, or to the monitoring physician.
- 9) No more than 30 days after the Consent Order's effective date, Respondent shall practice medicine only when monitored by a licensed physician, board-certified in an appropriate specialty, ("practice monitor") proposed by Respondent and subject to the Director of OPMC's written approval. No more than 30 days after learning that the approved practice monitor is no longer willing or able to serve or no more than 30 days after having been notified by the Director that the practice monitor has been discharged for cause, which shall include but not be limited to the inadequacy of the practice monitor's reports and/or performance, Respondent shall have an approved successor in place, subject to the Director's written approval. Upon approval, the new practice monitor shall perform the duties described in (a) and (c) below. Regardless of the reason necessitating a replacement, if the Director does not approve Respondent's proposed new practice monitor, Respondent shall immediately cease the practice of medicine, unless notified by the Director, in writing, of an extension, which may be granted at the Director's discretion. In that event, Respondent shall propose another

practice monitor, which the Director has 30 days to approve or disapprove until a practice monitor is accepted. Any medical practice in violation of this term shall constitute the unauthorized practice of medicine.

- a) Respondent shall make available to the monitor any and all records or access to the practice requested by the monitor, including on-site observation. The practice monitor shall visit Respondent's medical practice at each and every location, on a random unannounced basis at least monthly and shall examine a selection (no fewer than 20) of records maintained by Respondent, including patient records, prescribing information and office records. The review will determine whether the Respondent's medical practice is conducted in accordance with the generally accepted standards of professional medical care. Any perceived deviation of accepted standards of medical care or refusal to cooperate with the monitor shall be reported within 24 hours to OPMC.
 - b) Respondent shall be solely responsible for all expenses associated with monitoring, including fees, if any, to the monitoring physician.
 - c) Respondent shall cause the practice monitor to report quarterly, in writing, to the Director of OPMC.
 - d) Respondent shall maintain medical malpractice insurance coverage with limits no less than \$2 million per occurrence and \$6 million per policy year, in accordance with Section 230(18)(b) of the Public Health Law. Proof of coverage shall be submitted to the Director of OPMC prior to Respondent's practice after the effective date of this Order.
- 10) Respondent shall enroll in and successfully complete continuing education program(s) as directed by the Office of Professional Medical Conduct, subject to the Director of OPMC's prior written approval.
 - 11) Respondent shall comply with this Consent Order and all its terms and shall bear all associated compliance costs. Upon receiving evidence of noncompliance with, or a violation of, these terms, the Director of OPMC and/or the Board may initiate a violation of probation proceeding, and/or any other such proceeding authorized by law, against Respondent.
