IN THE MATTER : DETERMINATION  
OF : AND  
CORNELIA GALLO, M.D. : ORDER  
: BPMC-20-234  
-----X

In accordance with Public Health Law (PHL) §230, and the New York State Administrative Procedure Act (SAPA) Article 3, a hearing was held by videoconference on August 13, 2020. Pursuant to PHL §230(10)(e), William P. Dillon, M.D., Chairperson, Richard F. Kásulke, M.D., and Paul J. Lambiase, duly designated members of the State Board for Professional Medical Conduct (BPMC), served as the Hearing Committee in this matter. Jean T. Carney, Administrative Law Judge (ALJ), served as the Administrative Officer.

The Department appeared by Associate Counsel Ian H. Silverman. The Respondent appeared in person, pro se. Jurisdiction over the Respondent was obtained by service of the Notice of Referral Proceeding and Statement of Charges. The Hearing Committee received and examined documents from the Department (Exhibits 1-4). The Respondent testified in her own behalf. A stenographic reporter prepared a transcript of the proceeding. After consideration of the entire record, the Hearing Committee sustains the charges that the Respondent committed professional misconduct in violation of

Education Law §6530(9)(d), and that pursuant to PHL §230-a, the penalty of Censure and Reprimand is appropriate.

### BACKGROUND

The Department brought the case pursuant to PHL §230(10)(p), which provides for a hearing when a licensee is charged solely with a violation of Education Law §6530(9).

The Respondent is charged with professional misconduct pursuant to Educ. Law §6530(9)(d), having had disciplinary action taken by a duly authorized professional disciplinary agency of another state, where the conduct resulting in such action would, if committed in New York State, constitute professional misconduct under the laws of New York State.

Under PHL §230(10), the Department had the burden of proving its case by a preponderance of the evidence. Any licensee found guilty of professional misconduct under the procedures prescribed in PHL § 230 "shall be subject to penalties as prescribed in [PHL § 230-a] except that the charges may be dismissed in the interest of justice."

### FINDINGS OF FACT

The following findings and conclusions are the unanimous determinations of the Hearing Committee:

1. The Respondent was authorized to practice medicine in New York State on November 19, 1993, by the issuance of license number 194282. (Exhibit 3).

2. On October 16, 2019, the Respondent executed a Consent Order with the State of Connecticut Medical Examining Board (CT Board) that took effect on November 19, 2019. (Exhibit 4).

3. Pursuant to the terms of the Consent Order, the Respondent's license to practice medicine was reprimanded. In addition, she was placed on probation for one year with a practice monitor who would review random patient records and report to the CT Board quarterly; and was required to attend and successfully complete courses in documentation standards, laboratory testing pertinent to prescriptions, and communications with patients who have limited communication. The CT Board also imposed a civil penalty of \$10,000. (Exhibit 4).

4. The Consent Order arose from allegations that the Respondent did not meet the standard of care for one patient by not obtaining the patient's previous treatment records, failing to adequately document any communication with the patient's previous provider, failing to examine the patient at appropriate intervals, failing to perform adequate laboratory tests pertinent to medications she prescribed, and failing to make timely reports to the patient's case manager. (Exhibits 1 and 4).

5. The Respondent has fully complied with the terms and conditions of the CT Board's Order. (Respondent's testimony).

### VOTE OF THE HEARING COMMITTEE

The Hearing Committee concludes that the evidence supports sustaining the charge of having committed misconduct as defined in Educ. Law §6530(9)(d).

VOTE: Sustained (3-0)

### HEARING COMMITTEE DETERMINATIONS

The Department met its burden of proving by a preponderance of the evidence that the Respondent committed professional misconduct as alleged in the Statement of Charges. The evidence shows that the Respondent had disciplinary action taken by the CT Board wherein she was reprimanded and placed on probation for one year, for failing to maintain a record which accurately reflects the evaluation and treatment of the patient. If committed in New York State, the Respondent's actions would establish professional misconduct pursuant to Educ. Law §6530(32). The committee concludes that the Respondent's actions constitute professional misconduct as defined in Educ. Law §6530(9)(d).

In considering the full spectrum of penalties available by statute, including revocation, suspension and/or probation, censure and reprimand, and the imposition of monetary penalties; the Hearing Committee noted that the Respondent promptly complied with the terms and conditions imposed on her by the CT Board, that no patients were harmed by her actions, and that she has made significant changes in her practice since being disciplined by the CT Board. In addition, the Hearing Committee appreciated

the Respondent's appearance at the hearing, finding that the Respondent was clearly contrite, and took full responsibility for her actions. Therefore, the Hearing Committee determines that censure and reprimand is an appropriate penalty.

ORDER

IT IS HEREBY ORDERED THAT:

1. The specification of professional misconduct as set forth in the Statement of Charges is sustained;
2. The Respondent is censured and reprimanded; and
3. This Order shall be effective upon service on the Respondent in accordance with the Requirements of PHL §230(10)(h).
