NEW YORK STATE DEPARTMENT OF HEALTH  
STATE BOARD FOR PROFESSIONAL MEDICAL CONDUCT

IN THE MATTER  
OF  
GIUSEPPINA BENINCASA-FEINGOLD, M.D.

CONSENT  
AGREEMENT

GIUSEPPINA BENINCASA-FEINGOLD, M.D., represents that all of the following statements are true:

That on or about July 2, 1990, I was licensed to practice as a physician in the State of New York and issued License No. #182780 by the New York State Education Department.

My current address is 27 Indian Rock Plaza, Suffern, NY 10901, and I will advise the Director of the Office of Professional Medical Conduct of any change of address.

I understand that the New York State Board for Professional Medical Conduct (Board) has charged me with one or more specifications of professional misconduct, as set forth in a Statement of Charges, marked as Exhibit "A", attached to and part of this Consent Agreement.

I assert that I cannot successfully defend against at least one of the acts of misconduct alleged, in full satisfaction of the charges against me, and agree to the following penalty:

Pursuant to N.Y. Pub. Health Law § 230-a (9), I shall be placed on probation for a period of three (3) years, subject to the terms set forth in attached Exhibit "B."

I further agree that the Consent Order shall impose the following conditions:

Respondent shall comply with each and every penalty imposed by this Order pursuant to N.Y. Pub. Health Law § 230-a;

Respondent shall, regarding each patient encounter after the effective date of this order:

Communicate fully to the patient (or patient's family or health care proxy, as applicable) the nature of the medical role that Respondent is undertaking; whether as a physician with primary care responsibility for that patient's general medical condition(s) or, as a consultant for a defined limited purpose. Respondent shall document her role and this communication, in the patient's record.

Communicate fully to the patient (or the patient's family or health care proxy, as applicable) that the treatment modalities recommended and/or contemplated by Respondent are not universally accepted treatment modalities for the specific applied use. Respondent shall document this communication, in the patient's record.

Obtain written informed consent from the patient (or patient's family or health care proxy, as applicable) specifically addressing the treatment modalities to be used by Respondent in performance of the medical role undertaken and as addressed above. The language of the consent forms shall be drafted and proposed by Respondent and shall include a description of the proposed treatment modality, the potential risks and benefits of the treatment modality, any/all possible alternative treatment modalities, the risks and benefits of those alternative treatment modalities, the fact that the patient (or the patient's family or health care proxy, as applicable) is entering into the recommended treatment modality voluntarily and, that the patient (or patient's family or health care proxy, as applicable) is made aware that they will be responsible for all financial expenses of the treatment. Respondent shall provide the informed consent form(s) to OPMC, for review and approval, no later than 30 days after the effective date of this Order. Not later than 30 days after receipt of the written informed consent form(s), OPMC shall review, revise as deemed necessary and, approve as revised.

Include in the patient record, all written informed consent forms duly obtained and, full documentation of all discussions with the patient (or patient's family or health care proxy, as applicable) concerning the nature and scope of Respondent's evaluation and treatment as well as the patient's

need to pursue conventional medical care elsewhere, if indicated, at the patient's informed option.

Obtain the patient's written consent to request the patient's medical records from prior or concurrently treating health care providers, and to authorize Respondent to communicate with those health care providers or facilities, as necessary. Respondent shall make reasonable efforts to obtain such medical records and shall maintain those medical records in the patient's medical record. Respondent shall appropriately document the request for these records as well as her review of any records received from other treating health care providers or facilities. Alternatively, if the patient refuses to grant written consent after being fully advised of the reason for it, Respondent shall document Respondent's advice and the patient's refusal.

Note any and all indications for all diagnostic tests and lab work ordered. Respondent shall obtain the results of those tests and lab work and perform and note appropriate follow-up. Whether Respondent is acting in the role of consultant or in another capacity, Respondent shall communicate the results fully to the patient (or the patient's family or health care proxy, as applicable) and to the primary care provider and any relevant specialist or consultant involved in the patient's care and treatment.

Refer the patient to an appropriate primary care physician, specialist or consultant, for further evaluation and/or treatment, where medically warranted and beyond the scope of Respondent's role with the patient. Respondent shall note all referrals in the patient's medical record. If the patient refuses the referral, after being fully advised of the reason for it, Respondent shall document the Respondent's advice and the patient's refusal.

When recommending Hyperbaric Oxygen Therapy (HBOT), Respondent shall refer patients to accredited facilities only. If Respondent is providing the HBOT herself, under a PC or with portable Hyperbaric tanks, the facility shall be accredited, and the portable tanks shall meet or exceed Federal safety specifications. Copies of certifications and/or reports of inspection of facilities or tanks owned by Respondent, shall be provided to OPMC, within 30 days of the effective date of this Order. This condition shall take effect upon the Board's issuance of the Consent Order and will continue so long as Respondent remains licensed in New York State.

The above conditions and all of its terms, shall take effect 30 days after the effective date of the Consent Order, unless permission for an extension is sought by Respondent and granted by OPMC, and will continue so long as Respondent remains a Licensee in New York State; and

Respondent shall remain in continuous compliance with all requirements of N.Y. Educ Law § 6502 including but not limited to the requirements that a licensee shall register and continue to be registered with the New York State Education Department (except during periods of actual suspension) and that a licensee shall pay all registration fees. Respondent shall not exercise the option provided in N.Y. Educ. Law § 6502(4) to avoid registration and payment of fees. This condition shall take effect 120 days after the Consent Order's effective date and will continue so long as Respondent remains a licensee in New York State; and

Respondent shall remain in continuous compliance with all requirements of N.Y. Pub. Health Law § 2995-a(4) and 10 NYCRR 1000.5, including but not limited to the requirements that a licensee shall: report to the Department all information required by the Department to develop a public physician profile for the licensee; continue to notify the Department of any change in profile information within 30 days of any change (or in the case of optional information, within 365 days of such change); and, in addition to such periodic reports and notification of any changes, update her profile information within six months prior to the expiration date of the licensee's registration period. Licensee shall submit changes to her physician profile information either electronically using the Department's secure web site or on forms prescribed by the Department, and licensee shall attest to

the truthfulness, completeness and correctness of any changes the licensee submits to the Department. This condition shall take effect 30 days after the Order's effective date and shall continue so long as Respondent remains a licensee in New York State. Respondent's failure to comply with this condition, if proven and found at a hearing pursuant to N.Y. Pub. Health Law § 230, shall constitute professional misconduct as defined in N.Y. Educ. Law § 6530(21) and N.Y. Educ. Law § 6530(29). Potential penalties for failure to comply with this condition may include all penalties for professional misconduct set forth in N.Y. Pub. Health Law § 230-a, including but not limited to: revocation or suspension of license, Censure and Reprimand, probation, public service and/or fines of up to \$10,000 per specification of misconduct found; and

Respondent shall provide the Director, Office of Professional Medical Conduct (OPMC), Riverview Center, 150 Broadway, Suite 355, Albany, New York 12204-2719, with the following information, in writing, and ensure that this information is kept current: a full description of Respondent's employment and practice; all professional and residential addresses and telephone numbers within and outside New York State; names and addresses of all PCs owned and/or operated by Respondent; and all investigations, arrests, charges, convictions or disciplinary actions by any local, state or federal agency, institution or facility. Respondent shall notify

OPMC, in writing, within 30 days of any additions to or changes in the required information. This condition shall take effect 30 days after the Order's effective date and shall continue at all times until Respondent receives written notification from the OPMC, Physician Monitoring Program, that OPMC has determined that Respondent has fully complied with and satisfied the requirements of the Order, regardless of tolling; and

Respondent shall cooperate fully with OPMC in its administration and enforcement of this Consent Order and in its investigations of matters concerning Respondent. Respondent shall respond in a timely manner to all OPMC requests for written periodic verification of Respondent's compliance with this Consent Order. Respondent shall meet with a person designated by the Director of OPMC, as directed. Respondent shall respond promptly and provide all documents and information within Respondent's control, as directed. This condition shall take effect upon the Board's issuance of the Consent Order and will continue so long as Respondent remains licensed in New York State.

I stipulate that my failure to comply with any conditions of this Consent Order shall constitute misconduct as defined by N.Y. Educ. Law § 6530(29).

I agree that, if I am charged with professional misconduct in future, this Consent Agreement and Order shall be admitted into evidence in that proceeding.

I ask the Board to adopt this Consent Agreement.

I understand that if the Board does not adopt this Consent Agreement, none of its terms shall bind me or constitute an admission of any of the acts of alleged misconduct; this Consent Agreement shall not be used against me in any way and shall be kept in strict confidence; and the Board's denial shall be without prejudice to the pending disciplinary proceeding and the Board's final determination pursuant to the N.Y. Pub. Health Law.

I agree that, if the Board adopts this Consent Agreement, the Chair of the Board shall issue a Consent Order in accordance with its terms. I agree that this Consent Order shall take effect upon its issuance by the Board, either by mailing of a copy of the Consent Order by first class mail to me at the address in this Consent Agreement, or to my attorney by certified mail, OR upon facsimile transmission to me or my attorney, whichever is first. The Consent Order, this agreement, and all attached Exhibits shall be public documents, with only patient identities or other confidential information, if any, redacted. As public documents, they may be posted on the Department's website. OPMC shall report this action to the National Practitioner Data Bank and the Federation of State Medical Boards, and any other entities that the Director of OPMC shall deem appropriate.

I stipulate that the proposed sanction and Consent Order are authorized by N.Y. Pub. Health Law §§ 230 and 230-a, and that the Board and OPMC have the requisite powers to carry out all included terms. I ask the Board to adopt this Consent Agreement of my own free will and not under duress, compulsion or restraint. In consideration of the value to me of the Board's adoption of this Consent Agreement, allowing me to resolve this matter without the various risks and burdens of a hearing on the merits, I knowingly waive my right to contest the Consent Order for which I apply, whether administratively or judicially, I agree to be bound by the Consent Order, and I ask that the Board adopt this Consent Agreement.

I understand and agree that the attorney for the Department, the Director of OPMC and the Chair of the Board each retain complete discretion either to enter into the proposed agreement and Consent Order, based upon my application, or to decline to do so. I further understand and agree that no prior or separate written or oral communication can limit that discretion.

## EXHIBIT "B"

### Terms of Probation

- 1) Respondent's conduct shall conform to moral and professional standards of conduct and governing law. Any act of professional misconduct by Respondent as defined by N.Y. Educ. Law §§ 6530 or 6531 shall constitute a violation of probation and may subject Respondent to an action pursuant to N.Y. Pub. Health Law § 230(19).
- 2) Respondent shall cooperate fully with, and respond in a timely manner to, OPMC requests to provide written periodic verification of Respondent's compliance with the terms of this Consent Order. Upon the Director of OPMC's request, Respondent shall meet in person with the Director's designee.
- 3) Respondent's failure to pay any monetary penalty by the prescribed date shall subject Respondent to all provisions of law relating to debt collection by New York State, including but not limited to: the imposition of interest, late payment charges and collection fees; referral to the New York State Department of Taxation and Finance for collection; and non-renewal of permits or licenses [Tax Law § 171(27); State Finance Law § 18; CPLR § 5001; Executive Law § 32].
- 4) The probation period shall toll when Respondent is not engaged in active medical practice in New York State for a period of 30 consecutive days or more. Respondent shall notify the Director of OPMC, in writing, if Respondent is not currently engaged in, or intends to leave, active medical practice in New York State for a consecutive 30-day period. Respondent shall then notify the Director again at least 14 days before returning to active practice. Upon Respondent's return to active practice in New York State, the probation period shall resume and Respondent shall fulfill any unfulfilled probation terms and such additional requirements as the Director may impose as reasonably relate to the matters set forth in Exhibit "A" or as are necessary to protect the public health.
- 5) The Director of OPMC may review Respondent's professional performance. This review may include but shall not be limited to a review of office records, patient records, hospital charts, and/or electronic records; and interviews with or periodic visits with Respondent and staff at practice locations or OPMC offices.
- 6) Respondent shall adhere to federal and state guidelines and professional standards of care with respect to infection control practices. Respondent shall ensure education, training and oversight of all office personnel involved in medical care, with respect to these practices.

- 7) Respondent shall maintain complete and legible medical records that accurately reflect the evaluation and treatment of patients and contain all information required by State rules and regulations concerning controlled substances.
- 8) Within 30 days of the Consent Order's effective date, Respondent shall practice medicine only when monitored by a licensed physician, board certified in an appropriate specialty, who is familiar with the diagnostic and treatment modalities practiced and offered by Respondent, ("practice monitor"). The monitor shall be proposed by Respondent and subject to the written approval of the Director of OPMC. Any medical practice in violation of this term shall constitute the unauthorized practice of medicine.
  - a) Respondent shall make available to the monitor any and all records or access to the practice requested by the monitor, including on-site observation. The practice monitor shall visit Respondent's medical practice at each and every location, on a random unannounced basis at least monthly and shall examine a selection (no fewer than 20) of records maintained by Respondent, including patient records, prescribing information and office records. The review will determine whether the Respondent's medical practice is conducted in accordance with the generally accepted standards of professional medical care. Any perceived deviation of accepted standards of medical care or refusal to cooperate with the monitor shall be reported within 24 hours to OPMC.
  - b) Respondent shall be solely responsible for all expenses associated with monitoring, including fees, if any, to the monitoring physician.
  - c) Respondent shall cause the practice monitor to report quarterly, in writing, to the Director of OPMC.
  - d) Respondent shall maintain medical malpractice insurance coverage with limits no less than \$2 million per occurrence and \$6 million per policy year, in accordance with Section 230(18)(b) of the Public Health Law. Proof of coverage shall be submitted to the Director of OPMC prior to Respondent's practice after the effective date of this Order.
- 9) Respondent shall enroll in and successfully complete a continuing education program as directed by the Office of Professional Medical Conduct. This continuing education program is subject to the Director of OPMC's prior written approval.
- 10) Respondent shall comply with this Consent Order and all its terms and shall bear all associated compliance costs. Upon receiving evidence of noncompliance with, or a violation of, these terms, the Director of OPMC and/or the Board may initiate a

violation of probation proceeding, and/or any other such proceeding authorized by law, against Respondent.
