IN THE MATTER

OF

DONALD CRAIG SCHIERMER, M.D.

STATEMENT

OF

CHARGES

DONALD CRAIG SCHIERMER, M.D., the Respondent, was authorized to practice medicine in New York State on or about May 20, 1999, by the issuance of license number 214006 by the New York State Education Department. Respondent's license is currently inactive.

FACTUAL ALLEGATIONS

A. On or about April 22, 2021, the Massachusetts Board of Registration in Medicine issued a Consent Order, also entered into by Respondent agreement, which concluded that Respondent had failed to maintain a medical record for one patient adequate to enable Respondent to provide proper diagnosis and treatment, and/or to maintain a patient's medical record in a manner which permits the former patient or successor physician to access them.

B. Pursuant to the terms of the Order, Respondent's license was indefinitely suspended, although the suspension could be stayed upon entry into a Probation Agreement, which was also issued on or about April 22, 2021. Accordingly, the suspension was stayed and Respondent was placed on probation subject to conditions providing for at least two years of monitoring, practice audits, and completion of continuing medical education in medical documentation, controlled substances prescribing, and psychopharmacology, and other conditions.

C. The conduct resulting in the Board's Decision and Order against Respondent would constitute misconduct under the laws of New York State pursuant to New York Education Law Section 6530(32) (failure to maintain a record).
