Stephen Patrick England, M.D., the Respondent, was authorized to practice medicine in New York State on or about May 30, 1990, by the issuance of license number 182166 by the New York State Education Department.

**FACTUAL ALLEGATIONS**

- A. On or about March 13, 2021, Respondent and the Minnesota Board of Medical Practice (hereinafter "the Minnesota Board") entered into a Stipulation and Order, which reprimanded Respondent; required Respondent to complete courses in both HIPAA and Professional Boundaries; and required Respondent to submit a paper documenting what he learned from the coursework and how he incorporated that knowledge into his practice. The Minnesota Board accepted as true Respondent's admission that, since 2015, he periodically accessed medical records, without authorization, of individuals who were not his patients.
