SS.: 767-88-6257 COUNTY OF DECEMBER 13.

ROBERT HARRIS, M.D., being duly sworn, deposes and says:
On or about December 3, 1976, I was licensed to practice
as a physician in the State of New York having been issued
License No. 129477 by the New York State Education Department.

I am not currently registered with the New York State

Education Department to practice as a physician. My last

registration was for the period January 1, 1986 through December

31, 1988 from the following address: 1311 North Vernon Drive,

Atlanta, Georgia 30338.

I understand that the New York State Board of Professional Medical Conduct has charged me with Two Specifications of professional misconduct.

A copy of the Statement of Charges is annexed hereto, made a part hereof and marked as Exhibit "A".

I am applying to the Board of Regents for permission to surrender my license to practice as a physician in the State of

New York on the grounds that I do not contest the two

Specifications of professional misconduct listed in the

Statement of Charges dated January 16, 1990 found in Exhibit A.

I hereby make this application to the Board of Regents and request that it be granted.

I understand that, in the event that the application is not granted by the Board of Regents, nothing contained herein shall be binding upon me or construed to be an admission of any act of misconduct alleged or charged against me, such application shall not be used against me in any way and shall be kept in strict confidence during the pendency of the professional misconduct disciplinary proceeding; and such denial by the Board of Regents shall be made without prejudice to the continuance of any disciplinary proceeding and the final determination by the Board of Regents pursuant to the provisions of the Education Law.

I agree that, in the event the Board of Regents grants my application, an order of the Commissioner of Education may be issued striking my name from the roster of physicians in the State of New York without further notice to me.

I further agree that the order of the Commissioner shall include a provision that I shall not apply for the restoration of my license until at least one (1) year has elapsed from the effective date of the service of such order. I understand that

such application is not automatically granted but may be granted or denied.

No promises of any kind were made to me. I am making this application of my own free will and accord and not under duress, compulsion or restraint of any kind or manner.

FIRST SPECIFICATION

4. Respondent is charged with professional misconduct within the meaning of N.Y. Educ. Law §6509(5)(b) (McKinney 1985 and Supp. 1989) by reason of his having been found guilty of improper professional practice or professional misconduct by a duly authorized professional disciplinary agency of another state where the conduct upon which the finding was based would, if committed in New York State, constitute professional misconduct under the laws of New York State, in that:

The Connecticut Board of Medical Examiners, by Order dated November 19, 1984, found Respondent guilty of illegal, incompetent, negligent or improper medical conduct in violation of Section 20-13(c) of the Connecticut General Statutes. The Board ordered Respondent to serve a five year probation, to no longer practice chelation therapy for treatment of arteriosclerosis, to pay a fine of one thousand dollars (\$1000.00) and to submit a semi-annual affidavit to the Board indicating that he is complying with the terms of probation.

The conduct upon which the finding of improper practice was based, as set forth in said Board's Memorandum Decision, dated November 19, 1984, is as follows:

1. Respondent prescribed or dispensed the legend drug Disotate (Disodium Edetate) to treat patients for arteriosclerosis ("EDTA Chelation Therapy) from approximately April 28, 1982 until January 1, 1984, which did not have the approval of the Federal Drug Administration.

2. Respondent failed to provide medical equipment as needed to treat the medical complications anaphylaxis tetany and arrhythmia associated with EDTA chelation therapy.

This conduct would constitute professional misconduct in New York under to N.Y. Educ. Law §6509(2) (McKinney 1985)

[practicing the profession with negligence and/or incompetence on more than one occasion].

SECOND SPECIFICATION

5. Respondent is charged with professional misconduct within the meaning of New York Education Law §6509(5)(d) (McKinney 1985 and Supp. 1989) by reason of his having his license to practice medicine revoked, suspended, or having other disciplinary action taken, or having voluntarily or otherwise surrendered his license after a disciplinary action was instituted by a duly authorized professional disciplinary agency of another state, where the conduct resulting in the revocation, suspension, or other disciplinary action involving the license or the surrender of license would, if committed in New York State, constitute professional misconduct under the laws of New York State, in that:

The Composite State Board of Medical Examiners of the State of Georgia, pursuant to a Consent Order dated October 5, 1988, suspended Respondent's license to practice medicine.

The conduct underlying the aforesaid disciplinary action, as set forth in the Notice of Hearing, dated March 28, 1988, and the Amended Notice of Hearing, dated June 2, 1988, and incorporated in the Consent Order, is as follows:

- 1. The issuance of prescriptions for 170 Dilaudid tablets between 2-1-88 and 2-5-88 and the issuance of a prescription for 120 Percocet on 2-16-88 to a patient, M.B., who was known or should have been known as a habitual user of drugs.
- 2. The issuance of a prescription in the name of one other than the patient, M.B., for the drug Dilaudid, intended to be given to the patient M.B.
- 3. The failure to record the prescriptions referred to above in Patient M.B.'s medical record.
- 4. The provision of controlled substances to one for whom it was known or it should have been known would divert it or would use it for other than a legitimate medical purpose.

The aforesaid conduct variously violates O.C.G.A. §43-1-19(a)(6) which prohibits unprofessional, immoral, unethical, deceptive or deleterious conduct or practice harmful to the public; violates O.C.G.A. §16-13-41(f)(3) (formerly GA Code §79A-82O(f)) which prohibits the prescription or dispensation of a controlled substance, except by a practitioner prescribing or ordering such controlled substance for a legitimate medical purpose; and violates Board Rule 360-2-.09(d) which defines unprofessional conduct as "not maintaining appropriate records whenever Schedule II drugs are prescribed."

This conduct would be misconduct in New York State under N.Y. Educ. Law §6509(2) (McKinney 1985) [practicing the

profession fraudulently]; and N.Y. Educ. Law §6509(9) (McKinney 1985) and 8 NYCRR §29.2(a)(3) (1987) [failing to maintain a record for each patient which accurately reflects the evaluation and treatment of the patient].
