Within thirty days of the effective date of the Order, Respondent shall notify OPMC of these arrangements including the appropriate and acceptable contact person's name, address, and telephone number who shall have access to these records. Original records shall be retained for at least six years after the last date of service rendered to a patient or, in the case of a minor, for at least six years after the last date of service or three years after the patient reaches the age of majority whichever time period is longer. Records shall be maintained in a safe and secure place which is reasonably accessible to former patients. The arrangements shall include provisions to ensure that the information on the record is kept confidential and made available only to authorized persons. When a patient or and/or his or her representative requests a copy of the patient's medical record or requests that the original medical record be forwarded to another health care provider, a copy of the record shall be promptly provided or forwarded at a reasonable cost to the patient (not to exceed seventy-five cents per page.) Radiographic, sonographic and like materials shall be provided at cost. A qualified person shall not be denied access to patient information solely because of their inability to pay.

7. Respondent shall not share, occupy or use office space in which another licensee provides health care services. Respondent shall cause all signs to be removed within fifteen (15) days and stop all advertisements, professional listings whether in telephone directories or otherwise, professional stationery or billings by which his eligibility to practice is represented.
8. Respondent shall not charge, receive or share any fee or distribution of dividends

for professional services rendered by himself or others while barred from engaging in the practice of medicine. Respondent may be compensated for the reasonable value of services lawfully rendered and disbursements incurred on a patient's behalf prior to the effective date of this Order.

9. If Respondent is a shareholder in any professional service corporation organized to engage in the practice of medicine and if his license is revoked, surrendered or suspended for a term of six months or more under the terms of this Order, Respondent shall divest himself of all financial interest in the professional services corporation in accordance with New York Business Corporation Law.
