IN THE MATTER : STATEMENT
OF : OF
MARILYN R. JAMMER, M.D. : CHARGES
-----X

MARILYN R. JAMMER, M.D., the Respondent, was authorized to practice medicine in New York State on January 7, 1983 by the issuance of license number 152948 by the New York State Education Department. The Respondent is not currently registered with the New York State Education Department to practice medicine. Her current address is 901 Long Beach Boulevard, Ship Bottom, New Jersey 08008.

FACTUAL ALLEGATIONS

A. On August 7, 1992, the New Jersey Board of Medical Examiners, a duly authorized professional disciplinary agency, entered into a Consent Order with the Respondent and ordered that disciplinary action be taken against the Respondent's license to practice medicine in the State of New Jersey.

1. On or about May 3, 1991, the New Jersey Board of Medical Examiners charged the Respondent with dispensing which was gross and repeated malpractice, negligence and incompetence in violation of N.J.S.A.

45:1-21(c) and N.J.S.A. 45:9-16(h), professional misconduct in violation of N.J.S.A. 45:1-21(e), indiscriminate prescribing and prescribing with reasonable knowledge of use for unauthorized or illicit consumption in violation of N.J.S.A. 45:1-13, and impermissible prescribing in violation of N.J.A.C. 13:35-6.16, and was thus the basis for disciplinary sanction pursuant to N.J.S.A. 45:1-21(h). Said conduct was charged to further demonstrate the absence of good moral character, a continuing requirement for licensure pursuant to N.J.S.A. 45:9-6. The charges were based upon Respondent's prescribing of Fiorinal #3 with codeine and/or Diazepan without medical indication for two undercover investigators posing as patients on eight different occasions during a ten week period between December, 1990 and February, 1991.

2. Respondent entered into an Interim Consent Order with the New Jersey Board of Medical Examiners on or about June 19, 1991 in which she was ordered to surrender her New Jersey and Federal Drug Enforcement Administration registrations, to not prescribe or dispense any controlled dangerous substance and to employ a practice monitor to review at least twenty-five patient records per week.
3. The New Jersey Board, in its Consent Order dated August 7, 1992, ordered that Respondent be reprimanded for prescribing controlled substances in a manner inconsistent with accepted medical practice. In addition, she was ordered to pay a civil penalty of two thousand dollars (\$2500) plus costs of investigation.
4. Respondent's conduct would have constituted professional misconduct in New York State pursuant to New York Education Law §6530(2),(3) and/or (5); i.e. practicing the profession fraudulently or beyond its authorized scope, practicing the profession with negligence on more than one occasion and practicing the profession with incompetence on more than one occasion.

SPECIFICATION OF CHARGES

Law §6530(9)(d) (McKinney Supp. 1994) in that Respondent had disciplinary action taken against her license to practice medicine by a duly authorized professional disciplinary agency of another state, where the conduct resulting in such disciplinary action would, if committed in New York State, constitute professional misconduct under the laws of New York State, in that Petitioner charges:

1. The facts in Paragraphs A and A.1, A.2, A.3 and/or A.4.
