Public Health Law §230, upon the recommendation of a committee on Professional Medical Conduct of the State Board for Professional Medical Conduct, has determined that the duly authorized professional disciplinary agency of another jurisdiction, the Commonwealth of Pennsylvania, Department of State, State Board of Medicine (hereinafter "Pennsylvania Board"), has made a finding substantially equivalent to a finding that the practice of medicine by MARIANNE ILDIKO WEBSTER, M.D., aka MARIANNE ILDIKO CSANALOSI, M.D., Respondent, licensed to practice medicine in New York state on February 21, 1998, by license number ~~20942~~²⁰⁹⁴⁴², in that jurisdiction constitutes an imminent danger to the health, safety, and welfare of its people, as is more fully set forth in documents of the Pennsylvania Board, attached hereto, as Appendix "A," and made a part hereof.

Educ. Law §6530 and may constitute unauthorized medical practice, a felony defined by N.Y. Educ. Law §6512.

This Order shall remain in effect until the final conclusion of a hearing that shall commence within thirty (30) days after the final conclusion of the disciplinary proceeding in the State of Pennsylvania. Docket no. 0782-49-2002
File no. 2002-49-03178

OPINION AND ORDER

This case was delegated to the hearing examiner by one member of the screening panel of the State Board of Medicine (Panel) to conduct a preliminary hearing to determine if there is *prima facie* evidence to support the temporary suspension of the license to practice medicine and surgery issued to Marianne Idilko Webster, M.D., Respondent. The Order of Temporary Suspension was issued by the Panel on June 26, 2002 upon Petition of the prosecuting attorney. The preliminary hearing was scheduled for July 19, 2002, but upon motion for continuance by Respondent and a waiver of the requirement that the preliminary hearing be held within 30 days, the hearing was convened on August 2, 2002.

The participants stipulated to the averments of Count One of the Petition. In Support of Count Two, the prosecuting attorney presented the testimony of two radiologists in whose practice Respondent practiced during 2002 and the testimony of the Associate Medical Director of the Physicians Health Program of the Pennsylvania Medical Society (PHP) in addition to documentary evidence of Respondent's enrollment in both the PHP and the Professional Health Monitoring Program of the Bureau of Professional and Occupational Affairs (PHMP). That evidence was not challenged by Respondent. Rather, Respondent urged that her suspension

should not continue because for the last six weeks, under the care of her psychiatrist, she has remained stable and is taking her medications. Respondent has not been practicing medicine.

The only issue at this preliminary hearing is whether there is a *prima facie* case against Respondent. The hearing is to determine whether there is evidence sufficient to continue the suspension of Respondent's license pending a formal hearing on the charges. The Commonwealth's evidence need only be consistent with its allegations.

Applying this standard, the prosecuting attorney has met her burden. Each of the allegations of Counts One and Two was supported by *prima facie* evidence. Even considering Respondent's assertions that she has been stabilized, that period is relatively brief. The testimony of PHP's Associate Medical Director was not conclusive that Respondent has progressed sufficiently to enable a safe return to practice. Accordingly, the following order is entered:

ORDER

NOW, this 5th day of August, 2002, upon consideration of the foregoing, a *prima facie* case exists to support the temporary suspension of Respondent's license, no. MD-064698-L. The temporary suspension shall remain in effect until vacated by the State Board of Medicine, but in no event longer than 180 days, unless otherwise ordered or agreed to by the participants.

SUSPENSION ORDER

The Board finds that the Prosecuting Attorney has alleged facts in the Petition which, if taken as true, establish at each and every count that the continued practice of medicine and surgery by the Respondent presents an immediate and clear danger to the public health and safety. Therefore, in accordance with Section 40(a) of the Medical Practice Act, Act of December 20, 1985, P.L. 457, No. 112, as amended, 63 P.S. §422.40(a), the Board ORDERS that the license issued to the Respondent to practice medicine and surgery in this Commonwealth is IMMEDIATELY SUSPENDED upon service of this Order.

Respondent shall surrender her wallet card, her 3X5 inch license and her wall certificate to an agent of the Bureau of Enforcement and Investigation immediately upon presentation of the Board's Order of suspension in accordance with 63 P.S. §422.44.

PRELIMINARY HEARING

A preliminary hearing shall be conducted by a hearing examiner for the Board within thirty (30) days from the date of issuance of this Order. The Preliminary hearing shall be limited to evidence on the issue of whether there is a prima facie case to support the temporary suspension of the Respondent's license. The preliminary hearing shall be held at a time and location designated by the hearing examiner.

The Respondent is entitled to be present at the preliminary hearing and may be represented by an attorney, cross-examine witnesses, inspect physical evidence, call witnesses, offer evidence and testimony, and make a record of the proceedings.

If the hearing examiner finds that a prima facie case is NOT established, Respondent's license will be immediately restored. If a prima facie case is established, the temporary suspension shall remain in effect until vacated by the Board, but in no event, longer than 180 days, unless otherwise agreed to by the Respondent.

FORMAL HEARING

An action to suspend, revoke or restrict Respondent's license will be commenced by the filing of an Order to Show Cause.

Respondent is directed to respond to the Order to Show Cause by filing an Answer in writing within twenty (20) days of the date of the issuance of the Order to Show Cause. A formal hearing will be conducted by the Board or a hearing examiner for the Board. Any document filed

with the Prothonotary must also be served on the prosecuting attorney at:
