NEW YORK STATE DEPARTMENT OF HEALTH
STATE BOARD FOR PROFESSIONAL MEDICAL CONDUCT

IN THE MATTER	MODIFICATION
OF	OF
BETH WEINSTEIN HAPKE, M.D.	CONSENT ORDER

This matter was brought to the New York State Board for Professional Medical Conduct (BPMC) for decision at the request of Beth Weinstein Hapke, M.D., (Licensee), License No. 242656. Licensee was subject to BPMC Order No. 11-125 (Order), effective May 31, 2011. The Order suspended Licensee's license to practice medicine for an indefinite period of no less than twelve months retroactive to April 7, 2009. The purpose of this proceeding was to determine whether the suspension was to be stayed upon the satisfaction of a Committee on Professional Conduct of the State Board for Professional Medical Conduct that Licensee, among other things, has successfully complied with or completed a course of therapy and ongoing evaluation, which includes a determination that Licensee is no longer incapacitated for the active practice of medicine and that she is both fit and competent to practice as a physician.

A meeting of the Committee was held in the above-entitled proceeding on July 25, 2012. Licensee appeared with her attorney, Catherine Gale, Esq., before a Committee of the State Board for Professional Medical Conduct consisting of Charles J. Vacanti, M.D., Chair, Jonathan Ecker, M.D., and Irving S. Caplan. The Committee determined, by unanimous decision, after review of the documents submitted for the petition and careful consideration of all evidence and testimony provided that the suspension of Licensee's license shall be stayed and she shall be allowed to practice medicine

subject to the following conditions.

THEREFORE, IT IS HEREBY ORDERED THAT:

The suspension on the Licensee's license to practice medicine in the State of New York is stayed and that she shall be subject to the following conditions. Licensee shall cooperate fully with the Office of Professional Medical Conduct (OPMC) in its administration and enforcement of this Order and in its investigation of all matters concerning Licensee. Licensee shall respond in a timely manner to all OPMC requests for written periodic verification of Licensee's compliance with this Order. Licensee shall meet with a person designated by the Director of OPMC, as directed. Licensee shall respond promptly and provide all documents and information within Licensee's control, as directed. These conditions shall take effect upon the Board's issuance of this Order and will continue so long as Licensee remains licensed in New York State.

Licensee shall maintain active registration of her license with the New York State Education Department Division of Professional Licensing Services, and pay all registration fees. This condition shall be in effect thirty (30) days after the effective date of the Order and will continue for as long as Licensee remains licensed in New York State.

Licensee shall provide the Director of OPMC with the following information and shall ensure that such information is kept current: a full description of Licensee's employment and practice; all professional and residential addresses and telephone numbers within and outside New York State; all current and past hospital, facility, medical practice affiliations and/or applications for such affiliations; all professional licenses held and applied for; and all investigations, arrests, charges, convictions or disciplinary actions by any local, state or federal agency, institution or facility.

Licensee shall notify OPMC, in writing, within thirty (30) days of any additions to or changes in the required information.

Licensee's return to practice is subject to the following terms of probation. Unless otherwise indicated, these terms shall remain in effect for a period lasting **five (5) years** from the effective date of this Order.

Licensee may not commence the practice of medicine in New York State until all proposed monitors have been approved in writing by the Director of OPMC.

1. The period of probation, including some or all of the terms and conditions described herein, may be tolled, at the discretion of the Director of OPMC, during periods in which the Licensee is not engaged in the active practice of medicine in New York State. Licensee shall notify the Director, in writing, if she is not currently engaged in or intends to leave the active practice of medicine in New York State for a period of thirty (30) consecutive days or more. Licensee shall then notify the Director again at least fourteen (14) days before returning to active practice. Upon the Licensee's return to active practice in New York State, the period of probation shall resume and the Licensee shall fulfill any unfulfilled probation terms and such additional requirements as the Director may reasonably impose or as are necessary to protect the public health.

2. Licensee shall fully comply with the terms and conditions contained in Stipulation and Order CS-08-54.

3. Licensee shall be restricted from the solo practice of medicine for the duration of the Order.
4. Licensee shall be supervised in her practice by a licensed physician (Practice Supervisor) proposed by Licensee and approved in writing by the Director of OPMC. The Practice Supervisor shall be on-site at all locations, unless determined otherwise by the Director of OPMC, and shall be in a position to regularly observe and assess Licensee's medical practice. The Licensee shall make available to the Practice Supervisor any and all records or access to the practice requested by the Practice Supervisor. The Practice Supervisor is to be familiar with Licensee's history of mental illness and with the terms of this Order. Licensee shall submit the name of a proposed successor within seven (7) days of becoming aware that Licensee's approved Practice Supervisor is no longer willing or able to serve in that capacity.
 - a. The Practice Supervisor shall submit a report to OPMC every three (3) months regarding the quality of Licensee's practice, any unexplained absences from work, and Licensee's compliance or failure to comply with each condition described within this Order.
 - b. The Practice Supervisor shall oversee the Licensee's prescribing, administering, dispensing, ordering, inventory and wasting of controlled substances.
 - c. The Practice Supervisor shall immediately report any suspected or actual impairment, inappropriate behavior, perceived deviation from accepted standards of medical care or possible misconduct to OPMC.
 - d. The Practice Supervisor shall notify OPMC immediately if Licensee violates any

term(s) of this Order

5. Licensee shall enroll in and successfully complete a minimum of 50 hours of Category I continuing medical education (CME) in pediatrics and/or general medicine each year. Licensee shall provide written confirmation to OPMC of her completion of the CME courses.

6. Licensee shall not self-prescribe any medications. Licensee shall not treat nor prescribe medications for any friends or family members.

7. Licensee shall continue in treatment with qualified health care professionals (Therapists) proposed by Licensee and approved in writing by the Director of OPMC. The Therapists are to be familiar with the Licensee's history of mental illness and the terms of this Order. Licensee shall continue in treatment for the duration of the Order, under a treatment plan approved by the Director of OPMC. OPMC, at its discretion, may provide information or documentation from its investigation files concerning Licensee to Licensee's Therapists. Licensee shall submit the name of a proposed successor within seven (7) days of becoming aware that an approved Therapist is no longer willing or able to serve in that capacity.

a. The Therapists shall submit reports to OPMC every three (3) months certifying compliance with treatment by Licensee and describing in detail any failure to comply.

b. The Therapists shall report immediately to OPMC any significant pattern of absences, suspected or actual impairment, failure to comply with or discontinuation of recommended treatment, including any prescribed medications, by Licensee.

8. The Director of OPMC shall reserve the authority to direct the Licensee to undergo an independent evaluation by a practitioner or facility (Evaluator) approved by the Director of OPMC that specializes in alcohol/chemical dependency issues and/or mental illness. The Licensee shall execute authorizations to provide the Evaluator with copies of all previous treatment records and provide the Evaluator with a copy of this Order. The Licensee shall execute authorizations, and keep said authorizations active, allowing the Evaluator to obtain collateral information and communicate with the Director of OPMC or his designee. OPMC, at its discretion, may provide information or documentation from its investigation files concerning the Licensee to the Evaluator. Reports of such evaluations shall be submitted directly to the Director of OPMC. Licensee shall follow treatment recommendations made by the Evaluator. If the Evaluator determines that the Licensee is not fit to practice, the Licensee shall immediately cease practice until it is determined she is fit to resume practice. Failure to comply with the treatment recommendations will be considered a violation of this Order.

9. Licensee shall continue enrollment in the Committee for Physicians Health (CPH) and shall engage in a contract with CPH that fully describes the terms, conditions and duration of a recovery program. Respondent shall fully comply with the contract.

a. Licensee shall provide a written authorization for CPH to provide to the Director of OPMC with any/all information or documentation requested by OPMC to determine whether Licensee is in compliance with the CPH contract and with this Order, including full access to all records maintained by CPH with respect to Licensee.

b. Licensee shall cause CPH to report to OPMC if Licensee refuses to comply with the contract, refuses to submit to treatment or if her impairment is not substantially alleviated by

treatment. CPH shall report immediately to OPMC if Licensee is regarded at any time to be an imminent danger to the public.

10. Licensee shall inform all treating physicians or other health care practitioners of Licensee's history of mental illness. Licensee shall advise OPMC, within seven (7) days, of any controlled or mood-altering substances dispensed, administered or prescribed by any treating physician or other health care practitioner to her.

11. The Director of OPMC shall reserve the right to review Licensee's professional performance. This review may include, but shall not be limited to, a review of office records, patient records and/or hospital charts (inclusive of electronic records), and interviews with or periodic visits with Licensee and staff at her practice locations or OPMC offices.

12. Licensee shall maintain legible and complete medical records that accurately reflect the evaluation and treatment of all patients. The medical records shall contain all information required by State rules and regulations regarding controlled substances.

13. Licensee shall adhere to Federal and State guidelines and professional standards of care with respect to infection control practices. Licensee shall ensure education, training, and oversight of all office personnel involved in medical care, with respect to those practices.

14. Licensee shall conduct herself in all ways in a manner befitting her professional status and shall conform fully to the moral and professional standards of conduct and obligations imposed by law and by her profession.

15. Licensee shall personally meet with a person designated by the Director of OPMC as requested by the Director, at a time and location determined by OPMC.

16. Should Licensee practice medicine in another state, she shall provide written authorizations for the State Medical Board and/or the Physician Health Program to provide the Director of OPMC with any/all information or documentation as requested by OPMC.

17. Licensee shall comply with all terms, conditions, restrictions and limitations to which she is subject pursuant to the Order and shall assume and bear all costs related to compliance of the Order. Upon receipt of evidence of noncompliance with, or any violation of these terms, the Director of OPMC and/or the Board may initiate a violation of probation proceeding and/or any such other proceeding against Licensee as may be authorized pursuant to the law.

As Licensee agreed in the Consent Order, failure to comply with any of the conditions described above may result in disciplinary action.

This Order shall be effective upon issuance.
