NEW YORK STATE DEPARTMENT OF HEALTH
STATE BOARD FOR PROFESSIONAL MEDICAL CONDUCT

BPMC No. 16-418

IN THE MATTER
OF
ALVARO GENAO, MD

MODIFICATION
OF
CONSENT ORDER

This matter was brought to the New York State Board for Professional Medical Conduct (BPMC) for decision at the request of Alvaro Genao, M.D., (Licensee), License No. 213123. Licensee was subject to BPMC Order No. 14-217 (Order), effective September 15, 2014. The Order suspended Licensee's license to practice medicine for an indefinite period of no less than six (6) months. The purpose of this proceeding was to determine whether the suspension was to be stayed upon the satisfaction of a Committee on Professional Conduct of the State Board for Professional Medical Conduct that Licensee, among other things, has successfully complied with or completed a course of therapy and ongoing evaluation, which includes a determination that Licensee is no longer incapacitated for the active practice of medicine and that he is both fit and competent to practice as a physician.

A meeting of the Committee was held in the above-entitled proceeding on May 12, 2016. Licensee appeared with his attorney, Catherine Gale, Esquire, before a Committee of the State Board for Professional Medical Conduct consisting of C. Deborah Cross, M.D., Chair, William M. Bisordi, M.D., and Dennis Zimmerman, MS. The Committee determined, by unanimous decision, after review of the documents submitted for the petition and careful consideration of all evidence and testimony provided, that the suspension of Licensee's license shall be stayed and that he shall be allowed to practice medicine subject to the following conditions.

THEREFORE, IT IS HEREBY ORDERED THAT:

The suspension on the Licensee's license to practice medicine in the State of New York is stayed and that he shall be subject to the following conditions. Licensee shall cooperate fully with the Office of Professional Medical Conduct (OPMC) in its administration and enforcement of this Order and in its investigation of all matters concerning Licensee. Licensee shall respond in a timely manner to all OPMC requests for written periodic verification of Licensee's compliance with this Order. Licensee shall meet with a person designated by the Director of OPMC, as directed. Licensee shall respond promptly and provide all documents and information within Licensee's control, as directed. These conditions shall take effect upon the Board's issuance of this Order and will continue so long as Licensee remains licensed in New York State.

Licensee shall maintain active registration of his license with the New York State Education Department Division of Professional Licensing Services, and pay all registration fees. This condition shall be in effect 120 days after the effective date of the Order and will continue for as long as Licensee remains licensed in New York State.

Licensee shall remain in continuous compliance with all requirements of N.Y. Pub. Health Law § 2995-a(4) and 10 NYCRR 1000.5, including but not limited to the requirements that a licensee shall: report to the Department all information required by the Department to develop a public physician profile for the Licensee; continue to notify the department of any change in profile information within 30 days of any change (or in the case of optional information, within 365 days of such change); and, in addition to such periodic reports and notification of any changes, update his profile information within six months prior to the expiration date of the Licensee's registration period. Licensee shall submit changes to his physician profile information either electronically using the department's secure web site or on forms prescribed by the Department, and Licensee shall attest to the truthfulness, completeness and correctness of any changes Licensee submits to the department. This condition shall take effect 120 days

after the Order's effective date and shall continue so long as Licensee remains a licensee in New York State. Licensee's failure to comply with this condition, if proven and found at a hearing pursuant to N.Y. Pub. Health Law § 230, shall constitute professional misconduct as defined in N.Y. Educ. Law § 6530(21) and N.Y. Educ. Law § 6530(29). Potential penalties for failure to comply with this condition may include all penalties for professional misconduct set forth in N.Y. Pub. Health Law § 230-a, including but not limited to: revocation or suspension of license, Censure and Reprimand, probation, public service and/or fines of up to \$10,000 per specification of misconduct found.

Licensee shall provide the Director of OPMC with the following information and shall ensure that such information is kept current: a full description of Licensee's employment and practice; all professional and residential addresses and telephone numbers within and outside New York State; all current and past hospital, facility, medical practice affiliations and/or applications for such affiliations; all professional licenses held and applied for; and all investigations, arrests, charges, convictions or disciplinary actions by any local, state or federal agency, institution or facility. Licensee shall notify OPMC, in writing, within thirty (30) days of any additions to or changes in the required information. This requirement will continue until Licensee completes the probation imposed by this Order.

Licensee's return to practice is subject to the following terms of probation. Unless otherwise indicated, these terms shall remain in effect for a period lasting **ten (10) years** from the effective date of this Order. Licensee may apply to the Director of OPMC for the termination of the probation after he has successfully completed eight (8) years of the probation.

Licensee may not commence the practice of medicine in New York State until all proposed monitors have been approved in writing by the Director of OPMC.

1. The period of probation shall be tolled during periods in which the Licensee is not engaged in the active practice of medicine in New York State. Licensee shall notify the Director, in writing, if he is not currently engaged in or intends to leave the active practice of medicine in New York State for a period of thirty (30) consecutive days or more. Licensee shall then notify the Director again at least fourteen (14) days before returning to active practice. Upon the Licensee's return to active practice in New York State, the period of probation shall resume and the Licensee shall fulfill any unfulfilled probation terms and such additional requirements as the Director may impose as reasonably relate to Licensee's history or as are necessary to protect the public health.

2. The Sobriety Monitor is to be familiar with Licensee's history of substance use disorder, mental illness and with the terms of this Order. at a frequency of no less than six (6) times per month for the first twelve (12) months. The drug screens must include random specific testing for the presence of Ketamine, GHB, Sonata (zaleplon) and diphenhydramine, as determined by OPMC. The Licensee shall be called on a seven day a week basis and drug screens must include weekend and evening collections. After twelve (12) months, if Licensee has been fully compliant with this Order, a request for a reduction in the number of drug screens may be submitted for approval in writing by the Director of OPMC.

- b. The Sobriety Monitor shall notify OPMC immediately if Licensee refuses such a test.
- c. The Sobriety Monitor shall notify OPMC immediately if any drug screen reveals, or if the monitor otherwise learns, the Licensee is not alcohol/drug free.
- d. Every three (3) months, the Sobriety Monitor shall submit to OPMC a report certifying compliance with each of the terms of this Order or describing in detail any failure to comply. The quarterly reports shall include forensically valid results of all tests for the presence of alcohol and other drugs performed during that quarter.
