A hearing was held on August 17, 2016, at the offices of the New York State Department of Health ("the Petitioner"). A Notice of Referral Proceeding and a Statement of Charges, both dated June 27, 2016, were served upon the Respondent, Jahanshah Kayvanfar, M.D.

Pursuant to Section 230(10)(e) of the Public Health Law, Peter B. Kane, M.D., Chair, Randolph H. Manning, Ph.D. and Ronald Uva, M.D., duly designated members of the State Board for Professional Medical Conduct, served as the Hearing Committee in this matter. David A. Lenihan, Esq., Administrative Law Judge, served as the Administrative Officer. The Petitioner appeared by Richard J. Zahnleuter, Esq., General Counsel, by Marc S. Nash, Esq., of Counsel. The Respondent, Jahanshah Kayvanfar, M.D., did appear by telephone, from California. Evidence was received and transcripts of these proceedings were made. After consideration of the entire record, the Hearing Committee issues this Determination and Order.

### STATEMENT OF CASE

This case was brought pursuant to Public Health Law Section 230(10) (p). The statute provides for an expedited hearing when a licensee is charged solely with a violation of Education Law Section 6530(9). In such cases, a licensee is charged with misconduct based upon a prior criminal conviction in New York State or another jurisdiction, or upon a prior administrative adjudication regarding conduct that would amount to professional misconduct, if committed in New York. The scope of an expedited hearing is limited to a determination of the nature and severity of the penalty to be imposed upon the licensee.

In the instant case, the Respondent is charged with committing professional misconduct as defined in N.Y. Educ. Law § 6530(9)(d) - by having his license to practice medicine revoked, suspended or having other disciplinary action taken, or having his application for a license refused, revoked or suspended or having voluntarily or otherwise surrendered his license after a disciplinary action was instituted by a duly authorized professional disciplinary agency of another state, where the conduct resulting in the revocation, other disciplinary action involving the license or refusal, revocation or suspension of an application for a license or the surrender of the license would, if committed in New York state, constitute professional misconduct under the laws of New York state. Copies of the Notice of Referral Proceeding and the Statement of Charges are attached to this Determination and Order as Appendix 1.

**WITNESSES**

For the Petitioner:

None

For the Respondent:

Jahanshah Kayvanfar, M.D., by phone.

**FINDINGS OF FACT**

The following Findings of Fact were made after a review of the entire record in this matter. Numbers below in parentheses refer to exhibits, denoted by the prefix "Ex."

These citations refer to evidence found persuasive by the Hearing Committee in arriving at a particular finding. Conflicting evidence, if any, was considered and rejected in favor of the cited evidence. All Hearing Committee findings were unanimous.

1. **Jahanshah Kayvanfar, M.D., the Respondent, did appear at the hearing by telephone and was served and notified of the hearing by personal service on July 15, 2016. (Petitioner's Exhibit 2)**
2. **Jahanshah Kayvanfar, M.D., the Respondent, was authorized to practice medicine in New York State on or about May 9, 1980, by the issuance of license number 142045 by the New York State Education Department. (Petitioner's Ex. 3)**
3. **On or about October 22, 2014, the Medical Board of California (hereinafter, "California Board") by a Decision and Order which incorporated a Stipulated Settlement and Disciplinary Order dated August 5, 2014, revoked Respondent's Physician and Surgeon's license. (Petitioner's Ex. 4)**

4. The above revocation was stayed and Respondent was placed on three years' probation with terms that Respondent had to complete courses in deficient practice or knowledge and medical record keeping. The Respondent was prohibited from practicing outside of orthopedic surgery. Respondent's practice was to be monitored, and Respondent was prohibited to supervise physician assistants. (Petitioner's Ex., 4, p. 4)

5. The above actions were based upon findings, which could be proven if a hearing was held, that Respondent was negligent in his care and treatment of four patients and that Respondent failed to maintain adequate and accurate records relating to the provision of services during the treatment of four patients during 2010 and 2011. (Petitioner's Ex. 4, pp, 1-28)

6. The conduct resulting in the California Board's disciplinary action against Respondent would constitute misconduct under the laws of New York State pursuant to the following sections of New York State Law:

a.) New York Education Law § 6630(3) (Practicing the profession with negligence on more than one occasion); and/or

b.) New York Education Law § 6530(32) (Failing to maintain a record for each patient which accurately reflects the evaluation and treatment of the patient provided).

#### SPECIFICATION OF CHARGES

#### DISCIPLINARY ACTION IN ANOTHER STATE

"Respondent violated New York Education Law § 6530(9)(d) by having disciplinary action taken by a duly authorized professional disciplinary agency of another state, where

the conduct upon which the finding was based would, if committed in New York state, constitute professional misconduct under the laws of New York state ...."

VOTE: Sustained (3-0)

#### HEARING COMMITTEE DETERMINATION

The Respondent did appear at the hearing, by telephone. He was sworn in by a California Notary, Janet Atlas, California license # 2099618. (T. 4-7) There was no dispute about jurisdiction.

On review of the entire record in this matter, it appears that there is no dispute about the fact of the underlying California discipline. The record shows that the Medical Board of California revoked Respondent's Physician and Surgeon's license and that this revocation was stayed. The record goes on to show that Respondent was placed on three years' probation with terms that Respondent had to complete courses in deficient practice or knowledge and medical record keeping. Doctor Kayvanfar was prohibited by this consent order from practicing outside of orthopedic surgery. Respondent's practice was to be monitored, and he was prohibited to supervise physician assistants. The Department's attorney pointed out that this discipline was based upon findings which could be proven if a hearing was held. It would have been established that the Respondent was negligent in his care and treatment of patients and that he failed to maintain adequate and accurate records relating to the provision of services during the treatment of four patients during 2010 and 2011.

The Department's attorney went on to explain that the conduct resulting in the California Board's disciplinary action against Respondent would constitute misconduct under the laws of New York State pursuant to several sections of New York State Education Law, including the provisions for practicing the profession with negligence on more than one occasion and failing to maintain a record for each patient which accurately reflects the evaluation and treatment of the patient in question.

The record in this case goes on to show that the Respondent did sign the Consent Order on August 4, 2014 and that he did so on advice of counsel, Peter R. Osinoff, Esq. (Ex. 4 p. 12) At the present hearing, the Respondent attempted to re-litigate this matter, claiming that he signed this Order for "economic reasons," asserting that if he went to trial it would cost him another \$100,000 in attorney's fees. (T. 10) The Respondent apparently wished to avoid continued litigation in California and so he signed the Consent Order.

This attempt at re-litigation was denied by the Administrative Law Judge. It was explained to the Respondent that he would have to do this in a California court and that New York is obliged to give full faith and credit to the actions of a sister state. It was also explained to the Respondent that, should he prevail on such appeal, whatever action the New York board took in the instant case could be annulled with notice to OPMC.

On review of the entire matter, it appears that there is no dispute about the fact of the underlying disciplinary action. The record shows that the State Board of Medical Examiners for California revoked Respondent's Physician and Surgeon's license and that this revocation was stayed. This was done by a Consent Order which the Respondent

signed. The record goes on to show that Respondent was placed on three years' probation with terms that Respondent had to complete courses in deficient practice or knowledge and medical record keeping.

The panel agreed with the penalty imposed by California and ruled, unanimously, that a similar penalty should be imposed here in New York. The panel determined, unanimously, that the Respondent must complete all the requirements set forth in the California Order and fully satisfy the California Medical Board and be fully reinstated by that State before New York will consider lifting this indefinite suspension. After considering all the options available, the panel was unanimous in sustaining the charges and agreed, again unanimously, on this suspension.

The panel concluded that the people of New York would be protected by a suspension of Respondent's license in New York until the California Order is satisfied and he is returned to full practice in that State. If and when the California probation is satisfied and all its restrictions are removed, the Respondent may then petition for a lifting of this New York suspension.

#### ORDER

#### IT IS HEREBY ORDERED THAT:

1. The specifications of professional misconduct, as set forth in the Statement of Charges, are SUSTAINED.

2. The Respondent's license to practice medicine in the State of New York is SUSPENDED for at least three years and until such time as the conditions imposed on his license by the State of California are satisfied and removed.
3. After three years, and upon the removal of the terms and conditions on his California license, the Respondent may petition the New York State Board for the removal of this suspension from his license.
4. This Order shall be effective upon service on the Respondent in accordance with the requirements of Public Health Law Section 230(10) (h).
