IN THE MATTER
OF
JEAN-MICHEL HASSAN, M.D.

STATEMENT
OF
CHARGES

JEAN-MICHEL HASSAN, M.D., the Respondent, was authorized to practice medicine in New York State on or about June 15, 2000, by the issuance of license number 217751 by the New York State Education Department.

FACTUAL ALLEGATIONS

A. By amended formal complaint dated on or about March 16, 2015, the Colorado Medical Board (Colorado Board) charged Respondent with several counts of unprofessional conduct. Counts V and VI charged Respondent with prescribing controlled substances to two patients without maintaining adequate written documentation of the care he rendered to them, failing to create a treatment plan for them, failing to monitor their responses to their respective treatment plans, prescribing escalating amounts of narcotic medications to one patient without documenting a reason therefore, and for continuing to prescribe narcotic medications to each of the patients after determining that they were addicted to the medications, among others. Thereafter, by Colorado Final Board Order dated on or about October 15, 2015, the Colorado Board found that the respondent had defaulted in appearing before the disciplinary proceeding therein, and that Respondent was deemed to have admitted all of the allegations. Respondent was thus found in violation of the Colorado Medical Practice Act. His medical license was therefore revoked.

B. The conduct resulting in the Colorado Board disciplinary action against Respondent would constitute misconduct under the laws of New York State, pursuant to the following sections of New York state law:

1. New York State Education Law § 6530(4) (Practicing the profession with gross negligence on a particular occasion); and/or
2. 1. New York State Education Law § 6530(32) (Failing to maintain a record for each patient which accurately reflects the evaluation and treatment of the patient).
